NEW YORK TIMES BESTSELLER • A roadmap to what lies ahead and the decisions we must make now to stave off the next global economic and financial crisis, from one of the world's most influential economic thinkers and the author of *When Markets Collide* • Updated, with a new chapter and author's note "The one economic book you must read now . . . If you want to understand [our] bifurcated world and where it's headed, there is no better interpreter than Mohamed El-Erian."—Time Our current economic path is coming to an end. The signposts are all around us: sluggish growth, rising inequality, stubbornly high pockets of unemployment, and jittery financial markets, to name a few. Soon we will reach a fork in the road: One path leads to renewed growth, prosperity, and financial stability, the other to recession and market disorder. In *The Only Game in Town*, El-Erian casts his gaze toward the future of the global economy and markets, outlining the choices we face both individually and collectively in an era of

*economic uncertainty and financial insecurity. Beginning with their response to the 2008 global crisis, El-Erian explains how and why our central banks became the critical policy actors—and, most important, why they cannot continue in this role alone. They saved the financial system from collapse in 2008 and a multiyear economic depression, but lack the tools to enable a return to high inclusive growth and durable financial stability. The time has come for a policy handoff, from a prolonged period of monetary policy experimentation to a strategy that better targets what ails economies and distorts the financial sector—before we stumble into another crisis. The future, critically, is not predestined. It is up to us to decide where we will go from here as households, investors, companies, and governments. Using a mix of insights from economics, finance, and behavioral science, this book gives us the tools we need to properly understand this turning point, prepare for it, and come out of it stronger. A comprehensive, controversial look at the realities of our global economy and markets, *The Only Game in Town* is required reading for investors, policymakers, and anyone interested in the future.*

*New York Times bestselling author, comedian, and Chelsea Lately writer Heather McDonald's hilarious true story of finding herself in the predicament of being an unwilling virgin at the age of twenty-seven. Can't a girl dress like a hooker, dance like a stripper, and kiss like a porn star and still be a nineteen-year-old virgin? *You'll Never Blue Ball in This Town Again* is the laugh-out-loud story of an attractive Los Angeles woman who found herself in the predicament of being an unwilling virgin. As an actress, writer, and stand-up comedienne, Heather McDonald passed up ample opportunities to have her V-card revoked by handsome, rich, and sometimes even fabulously famous men, but she could not bring herself to do "it" until well after her friends had been deflowered. As Chelsea Handler so lovingly puts it, "Thank God Heather waited twenty-seven years to lose her virginity or she wouldn't have any material for this book." Whether in a backseat, a community pool, or a sports stadium, with a frat boy, a doctor, or an A-list celebrity, Heather McDonald knew how to turn those boys blue. Unlike "putting out," blue balling might not have paid her rent or landed her free trips to Hawaii, but it did provide her with hilarious stories and adventures in her search for true love—and, ultimately, her very own happy ending.*

Now, Heather McDonald will never blue ball in this town again. The #1 New York Times bestseller! Washington D.C. might be loathed from every corner of the nation, yet these are fun and busy days at this nexus of big politics, big money, big media, and big vanity. There are no Democrats and Republicans anymore in the nation's capital, just millionaires. Through the eyes of Leibovich we discover how the funeral for a beloved newsman becomes the social event of the year; how political reporters are fetishized for their ability to get their names into the predawn e-mail sent out by the city's most powerful and puzzled-over journalist; how a disgraced Hill aide can overcome ignominy and maybe emerge with a more potent "brand" than many elected members of Congress. And how an administration bent on "changing Washington" can be sucked into the ways of This Town with the same ease with which Tea Party insurgents can, once elected, settle into it like a warm bath. Outrageous, fascinating, and very necessary, This Town is a must-read whether you're inside the highway which encircles DC - or just trying to get there. National Book Award Winner

The red words painted on the trailer caused quite a buzz around town and before an hour was up, half of Antler was standing in line with two dollars clutched in hand to see the fattest boy in the world. Toby Wilson is having the toughest summer of his life. It's the summer his mother leaves for good; the summer his best friend's brother returns from Vietnam in a coffin. And the summer that Zachary Beaver, the fattest boy in the world, arrives in their sleepy Texas town. While it's a summer filled with heartache of every kind, it's also a summer of new friendships gained and old friendships renewed. And it's Zachary Beaver who turns the town of Antler upside down and leaves everyone, especially Toby, changed forever. With understated elegance, Kimberly Willis Holt tells a compelling coming-of-age story about a thirteen-year-old boy struggling to find himself in an imperfect world. At turns passionate and humorous, this extraordinary novel deals sensitively and candidly with obesity, war, and the true power of friendship. When Zachary Beaver Came to Town is the winner of the 1999 National Book Award for Young People's Literature. This title has Common Core connections. "An engaging, plot-driven thriller that begs for a sequel." - Kirkus Reviews "For junior conspiracy theorists everywhere." - Booklist Driftwood Harbor may

seem like an ordinarily boring, small New England town, but there's something extremely strange and downright creepy happening within town limits. Twins Beacon and Everleigh McCullough are moving from their home in sunny LA to Driftwood Harbor, a rainy fishing village in New England. If that wasn't bad enough, there's something strange about this town and the mysterious group of too-perfect students called The Gold Stars. After Everleigh is recruited into their ranks, Beacon must uncover Driftwood Harbor's frightening secret before he loses his sister forever. This Town Is Not All Right is the middle-grade horror debut from M. K. Kryz (YA author Michelle Kryz). Be prepared for a thrilling page-turner with a major mystery, because the residents of Driftwood Harbor will do whatever it takes to keep their dark secrets from rising to the surface. It was an improbable story. From 1979 to 1992, world-class soccer players from England, Denmark, Argentina, Wales, Ireland, and beyond, made their way to Kansas, of all places, to play for the Major Indoor Soccer League's Wichita Wings. The first major league professional sports team in Kansas history, the Wings would heat up the cold, winter nights in a jam-packed and raucous Kansas Coliseum. Competing against the likes of New York, Los Angeles, Dallas, and Chicago, plucky Wichita would become a yearly playoff contender and one of the league's most successful franchises. None of it would have been possible without a working-class boy from Liverpool, England named Roy Turner. A star for the North American Soccer League's Dallas Tornado in the 1970s, Coach Turner would convert the men, women, and children of Wichita into an army of orange-clad soccer fans dedicated to making their town bigger than it ever had been before. This little book does not prophesize that the sky is falling on cities and towns. It does not suggest that officeholders lack commitment and dedication. It is argued here that city and town councils are generally locked into governance structures that restrict them from being more effective. Councils are bombarded with demands, requests, and even threats, and often are unable to satisfy all constituencies. The fundamental premise is this: For councils to fulfill their roles more effectively requires a transformation not of the structure of governance but of a government's culture, using different and possibly new leadership styles. Councils must

change rigid habits, arrangements, and thoughts and adopt an outside-in culture, one that discards unnecessary processes, procedures, and structures; allows extensive probing and questioning of premises and arrangements; and avoids the status quo in making decisions. Councils in large and small towns must comprehend the changing nature of society beyond their city limits and how these changes influence the behavior of citizens. An outside-in culture suggests the need to elect and appoint people who exhibit renaissance leadership skills and talents. In the next riveting thriller from #1 New York Times bestselling author Kelley Armstrong, the paranoia increases – along with the stakes – as the town of Rockton tries to solve the latest mystery at their door. Detective Casey Duncan has noticed fewer and fewer residents coming in to the hidden town of Rockton, and no extensions being granted. Her boyfriend, Sheriff Eric Dalton, presumes it's the natural flux of things, but Casey's not so sure. It seems like something bigger is happening in the small town they call home. When an injured hiker stumbles from the woods, someone who seems to have come to the Yukon for a wilderness vacation but instead is now fighting for her life, it's all hands on deck. What – or who – attacked this woman, and why? With the woman unconscious, and no leads, Casey and Eric don't know where the threat is coming from. Plus, the residents of their deeply secretive town are uneasy with this stranger in their midst. Everyone in Rockton wants this mystery solved – and fast. New and completely updated edition Hilarious and addictive, this chronicle of a small-town girl's stint as a celebrity nanny reveals what really happens in the diaper trenches of Hollywood. When Oregon native Suzanne Hansen becomes a live-in nanny to the children of Hollywood über-agent Michael Ovitz, she thinks she's found the job of her dreams. But Hansen's behind-the-scenes access soon gets her much more than she bargained for: working twenty-four hours a day, juggling the shifting demands of the Hollywood elite, and struggling to comprehend wealth unimaginable to most Americans, not to mention dealing with the expected tantrums and the unexpected tense–and intense–atmosphere in the house where she lives with her employers. When the thankless drudgery takes its toll and Hansen finally quits, her boss threatens to blackball her from ever nannying in Hollywood again. Discouraged but determined,

Hansen manages to land gigs with Debra Winger and then Danny DeVito and Rhea Perlman. Attentive, welcoming parents with a relaxed attitude toward celebrity—looks like Hansen’s fallen into a real-life happy ending. But the round-the-clock workdays continue, rubbing some of the glitter off L.A. living, and Hansen’s not sure how much longer she can pretend to be Mary Poppins. Even bosses who treat her like family can’t help as she struggles to find meaning in her work while living in a town that seems to lack respect for nannies and everyone else who comes in the employee’s entrance—but without whom many showbiz households would grind to a halt. Peppering her own journey with true stories and high drama experienced by other nannies to the stars, Hansen offers an intriguing, entertaining mix of tales from the cribs of the rich and famous. You’ll Never Nanny in This Town Again is a treat for everyone who is fascinated by the skewed priorities of Tinseltown, for anyone who has wondered how high-wattage supermoms do it all, and for readers who love peeking behind the curtains of celebrity, all of whom will devour this unparalleled—and unabashedly true—account of one girl’s tour of duty as Hollywood’s hired help. The latest Mystery Writers of America story collection, featuring terrifying tales of encounters with strangers from some of the top bestsellers and award winners in crime fiction It’s been said that all great literature boils down to one of two stories—a man takes a journey, or a stranger comes to town. While mystery writers have been successfully using both approaches for generations, there’s something undeniably alluring in the nature of a stranger: the uninvited guest, the unacquainted neighbor, the fish out of water. No matter how or where they appear, strangers are walking mysteries, complete unknowns in once-familiar territories who disrupt our lives with unease and wonder. In the newest collection of stories by the Mystery Writers of America, each author weaves a fresh tale surrounding the eerie feeling that comes when a stranger enters our midst, featuring stories by prolific mystery writers such as Michael Connelly, Dean Koontz and Joe Hill. From San Francisco to Savannah, Montana to Texas, Amanda Eyre Ward’s characters are united in their fervent search to find a place where they truly belong. Annie, a librarian in a small mining town, must choose between the only home she’s ever known and the possibility of

*a new future. Casey, a suburban New Yorker with a wry sense of humor, braves the dating scene after losing her husband. And in six linked stories spanning a decade of her life, Lola Wilkerson navigates elopement, motherhood, and lingering questions about who she wants to be when she grows up. Whether exploring the fierceness of a mother's love or the consolations of marriage, Amanda Eyre Ward's stories are imbued with humor, clear-eyed insight, and emotional richness. A sweeping and authoritative study of wealth inequality and the dismantling of local government in four working-class cities across the US that passionately argues for reinvestment in people-centered leadership. Decades of cuts to local government amidst rising concentrations of poverty have wreaked havoc on communities left behind by the modern economy. Some of these discarded places are rural. Others are big cities, small cities, or historic suburbs. Some vote blue, others red. Some are the most diverse communities in America, while others are nearly all white, all Latino, or all Black. All are routinely trashed by outsiders for their poverty and their politics. Mostly, their governments are just broke. Forty years after the anti-tax revolution began protecting wealthy taxpayers and their cities, our high-poverty cities and counties have run out of services to cut, properties to sell, bills to defer, and risky loans to take. In *The Fight to Save the Town*, urban law expert and author Michelle Wilde Anderson offers unsparing, humanistic portraits of the hardships left behind in four such places. But this book is not a eulogy or a lament. Instead, Anderson travels to four blue-collar communities that are poor, broke, and progressing. Networks of leaders and residents in these places are facing down some of the hardest challenges in American poverty today. In Stockton, California, locals are finding ways, beyond the police department, to reduce gun violence and treat the trauma it leaves behind. In Josephine County, Oregon, community leaders have enacted new taxes to support basic services in a rural area with fiercely anti-government politics. In Lawrence, Massachusetts, leaders are figuring out how to improve job security and wages in an era of backbreaking poverty for the working class. And a social movement in Detroit, Michigan is pioneering ways to stabilize low-income housing after a wave of foreclosures and housing loss. Our smallest governments shape people's*

safety, comfort, and life chances. For decades, these governments have no longer just reflected inequality—they have helped drive it. But it doesn't have to be that way. Anderson argues that a new generation of local leaders are figuring out how to turn poverty traps back into gateway cities. This amazing collaboration between two of Colorado's finest poets will hit you where you live. 1996: You'll Never Make Love in This Town Again is published and rocks Hollywood with its no-holds-barred stories from girls who dare to name names and tell tales about what really happens with celebrities behind closed doors. Shocking, fearless, and dishing dirt like never before, You'll Never Make Love in This Town Again becomes a publishing sensation that rides the New York Times bestseller list for months. 2006: Ten years later, only the names have changed. Sex, money, drugs, rock and roll, porn and prostitution continue to flourish...and in Hooking Up four new women tell their intimate stories of life in the Hollywood fast lane. •Naughty games with legendary film and television producers and their wives... •Debauched crack binges with one of television's biggest stars... •Romantic "dates" with movies stars... •Yachts, designer clothes, champagne, cocaine and hard cold cash.... It's all in Hooking Up, and it's all true! More than two years in the making, this highly enthusiastic yet unofficial guide serves as one of the biggest advocates of the "Angel" series. Written by Lars Pearson ("Wizard" magazine) and Christa Dickson ("Dusted: The Unauthorized Guide to Buffy"), "Redeemed" critiques the entire show in berserk detail, with an eye toward reconciling the features of the "Angel"-verse against themselves, and dissecting the formidable vision of "Angel" producers Joss Whedon, Tim Minear, Jeffrey Bell and their Mutant Enemy colleagues. Among other concerns, this book seeks to answer such vitally important questions as "Why Do Catholic Objects Harm Vampires?," "How Does the Vampire Invitation Rule Work?," "When Did the Powers Intervene Without Anyone Noticing?" and the not-so-obvious "Who is Angel's True Love?" A brilliant, kaleidoscopic narrative of Oklahoma City—a great American story of civics, basketball, and destiny, from award-winning journalist Sam Anderson NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review •NPR •Chicago Tribune •San Francisco

Chronicle • The Economist • Deadspin Oklahoma City was born from chaos. It was founded in a bizarre but momentous “Land Run” in 1889, when thousands of people lined up along the borders of Oklahoma Territory and rushed in at noon to stake their claims. Since then, it has been a city torn between the wild energy that drives its outsized ambitions, and the forces of order that seek sustainable progress. Nowhere was this dynamic better realized than in the drama of the Oklahoma City Thunder basketball team’s 2012-13 season, when the Thunder’s brilliant general manager, Sam Presti, ignited a firestorm by trading future superstar James Harden just days before the first game. Presti’s all-in gamble on “the Process”—the patient, methodical management style that dictated the trade as the team’s best hope for long-term greatness—kicked off a pivotal year in the city’s history, one that would include pitched battles over urban planning, a series of cataclysmic tornadoes, and the frenzied hope that an NBA championship might finally deliver the glory of which the city had always dreamed. Boom Town announces the arrival of an exciting literary voice. Sam Anderson, former book critic for New York magazine and now a staff writer at the New York Times magazine, unfolds an idiosyncratic mix of American history, sports reporting, urban studies, gonzo memoir, and much more to tell the strange but compelling story of an American city whose unique mix of geography and history make it a fascinating microcosm of the democratic experiment. Filled with characters ranging from NBA superstars Kevin Durant and Russell Westbrook; to Flaming Lips oddball frontman Wayne Coyne; to legendary Great Plains meteorologist Gary England; to Stanley Draper, Oklahoma City’s would-be Robert Moses; to civil rights activist Clara Luper; to the citizens and public servants who survived the notorious 1995 bombing of the Alfred P. Murrah federal building, Boom Town offers a remarkable look at the urban tapestry woven from control and chaos, sports and civics. Belfast Charitable Society was established in 1752 with the purpose of raising funds to build a poorhouse and hospital for the poor of Belfast; twenty years later, the foundation stone of the Poorhouse was laid. From here the Society would go on to assume increasing responsibility for a range of matters relating to health, welfare and public order, and its members would play a key part in the civic life of Belfast. It continues to

provide vital social services to this day and its Poorhouse, now Clifton House, is still one of the finest buildings in the city. During the century following the establishment of the Society, Belfast was transformed from a relatively small mercantile town into a major industrial city, a transformation that was accompanied by political upheaval and the major societal challenges associated with rapid industrialisation and urban growth. Taking as its focus the work of the Society, the global connections that influenced its thinking and the societal issues it sought to address, this fascinating volume provides valuable insights into the wider social, economic and political life of the nineteenth-century Irish town of which the Society became such an iconic part. From five distinct cities around the world - Sydney, Tokyo, Milan, London and New York - photographer, art director and blogger Giuseppe Santamaria brings together a unique photographic collection showcasing the styles of the modern man. Giuseppe seeks out the everyday man in each city whose dress sense speaks out about who they are. Alongside striking images captured from the streets, Giuseppe has chosen a handful of men from each city with a particular, distinct style and photographed them in their various attire, as well as profiled them about their particular approach to fashion and their sense of the menswear scene today. In the summer of 1978, the B-52's conquered the New York underground. A year later, the band's self-titled debut album burst onto the Billboard charts, capturing the imagination of fans and music critics worldwide. The fact that the group had formed in the sleepy southern college town of Athens, Georgia, only increased the fascination. Soon, more Athens bands followed the B-52's into the vanguard of the new American music that would come to be known as "alternative," including R.E.M., who catapulted over the course of the 1980s to the top of the musical mainstream. As acts like the B-52's, R.E.M., and Pylon drew the eyes of New York tastemakers southward, they discovered in Athens an unexpected mecca of music, experimental art, DIY spirit, and progressive politics--a creative underground as vibrant as any to be found in the country's major cities. In Athens in the eighties, if you were young and willing to live without much money, anything seemed possible. Cool Town reveals the passion, vitality, and enduring significance of a bohemian scene that

became a model for others to follow. Grace Elizabeth Hale experienced the Athens scene as a student, small-business owner, and band member. Blending personal recollection with a historian's eye, she reconstructs the networks of bands, artists, and friends that drew on the things at hand to make a new art of the possible, transforming American culture along the way. In a story full of music and brimming with hope, Hale shows how an unlikely cast of characters in an unlikely place made a surprising and beautiful new world. In the follow-up to the successful Men in this Town, more stylish men from around the world—this time documenting their fashion through the seasons. More Men In This Town is an extension of Gieuseppe Santamaria's successful first books Men In This Town and Women In This Town. In this, his third book, his focus is once again men's fashion, but seasonally based – winter (polka dots - representing snowflakes) and summer (pin stripes - representing sunbeams). He has once again travelled broadly to capture candid street shots of men in Sydney, Melbourne, Tokyo, London, Paris, Florence, Madrid, New York and LA. As well, the book includes written profiles (mini interviews on style and fashion choices) with men in different cities and notes on his subjects' different style directions. Fran Belkin's collection of t-shirts wound up in boxes in the attic, until one day she realized these mementos chronicling over thirty years of Cleveland rock and roll history could illustrate the incredible story of a most unusual family business: Belkin Productions. The shirts and swag paint a picture of the times, the music, the bands and the concert promotion company her husband Jules and his brother Mike built into a powerhouse on the national music scene. In Rock This Town!, Fran's collection is artfully woven together with vintage snapshots, concert photography and intimate stories shared by the Belkin Productions crew who lived them. This book is for those of us who were out front, standing drenched in a World Series of Rock downpour, singing along to every word of our favorite song, Bic lighters in the air, screaming for another encore. This is a love letter to every fan of rock and roll. A horrific period from the annals of the American South is resurrected in this novel that exposes the fragile hierarchy of a society poisoned by racism and hatred and shows the power of an individual to defy tradition, in a novel set against the backdrop of a

small Mississippi town. Reader's Guide available. Reprint. "The Hollywood memoir that tells all . . . Sex. Drugs. Greed. Why, it sounds just like a movie."—The New York Times Every memoir claims to bare it all, but Julia Phillips's actually does. This is an addictive, gloves-off exposé from the producer of the classic films The Sting, Taxi Driver, and Close Encounters of the Third Kind—and the first woman ever to win an Academy Award for Best Picture—who made her name in Hollywood during the halcyon seventies and the yuppie-infested eighties and lived to tell the tale. Wickedly funny and surprisingly moving, You'll Never Eat Lunch in This Town Again takes you on a trip through the dream-manufacturing capital of the world and into the vortex of drug addiction and rehab on the arm of one who saw it all, did it all, and took her leave. Praise for You'll Never Eat Lunch in This Town Again "One of the most honest books ever written about one of the most dishonest towns ever created."—The Boston Globe "Gossip too hot for even the National Enquirer . . . Julia Phillips is not so much Hollywood's Boswell as its Dante."—Los Angeles Magazine "A blistering look at La La Land."—USA Today "One of the nastiest, tastiest tell-alls in showbiz history."—People From legendary William W. Johnstone comes an exciting new saga of the American frontier town called Fury, built smack dab in the middle of the untamed Arizona Territory...and the only man who can give Fury a fighting chance... The last thing Jason Fury wants is to lead this wagon train west to California. Hell, he just wants to head back east, where a smart young man like himself has a real shot at a better life. But halfway across Oklahoma the wagon train is attacked by bloodthirsty Commanche, and Jedediah Fury ?the leader of the settlers, and Jason's father ?is counted among the dead. Before he knows it, Jason's leading the wagons into Arizona Territory, where the squabbling settlers decide to stop for good and start a town they'll name Fury in honor of Jedediah. It's going to be a hardscrabble life, what with the ruthless Apaches always on the attack and the harsh country they've chosen. Jason knows he can't just leave these defenseless pioneers to be slaughtered--among them a certain young lady he's taken a real shine to... A Town Called Fury One man. One town. One destiny. Robert Randolph reveals the "gay spa subculture" of the spas City Spa and Century Spa and

its celebrity members. A professor of women's studies explores gay San Francisco in the 1960s, tracing the bar scene, gay activism, and official oppression carried out by the police and other government bodies. (Social Science) Photographer, art director and fashion enthusiast Giuseppe Santamaria takes us to the streets of six incredible cities to showcase the unique and stylish women that inhabit these towns. From classic elegance to menswear-inspired casual, a woman's dress style speaks volumes about her personality - and the city she inhabits. Featuring interviews with the everyday women whose distinctive styles cut a fine figure in the world of women's fashion, this striking photographic collection will take you on a global sartorial adventure. The Tinyville Town series, new from New York Times bestselling author and illustrator Brian Biggs, launches with three books: Tinyville Town Gets to Work!, a world-establishing picture book that introduces the town and its many residents, and two board books, I'm a Veterinarian and I'm a Firefighter. The series is set in a cozy community where the people are kind, everyone says hello when they're walking down the street, the bus is always on time, and all the townsfolk do their part to keep things running smoothly. Everyone has a job to do in Tinyville Town. With a nod to the busy world of Richard Scarry and the neighborhood feel of Sesame Street, this new series will become a favorite read for preschoolers and is ideal for story time and class discussions about occupations and community helpers. Tinyville Town is a growing, thriving city full of interesting people. The townsfolk can't wait to show readers around! In Tinyville Town Gets to Work!, we see the evolution of a construction project to solve a problem. When there is a traffic jam on the Tinyville Town bridge, the residents decide to work together to build a new one. By following the hard work of the engineers and construction workers, readers will get to meet many different people in the town while watching the exciting new bridge take shape. The large picture book format and Biggs's bright art brilliantly show the bridge, which was extensively researched to make it authentic for readers. Every town has a bridge, and a trip over Tinyville's new one will be fun for kids time and time again. Melonville. Smokey Hollow. Bannock Town. Fort Tuyau. Little Chicago. Mud Flats. Pumpville. Tintown. La Coule. These were some of the names

given to Métis communities at the edges of urban areas in Manitoba. Rooster Town, which was on the outskirts of southwest Winnipeg endured from 1901 to 1961. Those years in Winnipeg were characterized by the twin pressures of depression, and inflation, chronic housing shortages, and a spotty social support network. At the city's edge, Rooster Town grew without city services as rural Métis arrived to participate in the urban economy and build their own houses while keeping Métis culture and community as a central part of their lives. In other growing settler cities, the Indigenous experience was largely characterized by removal and confinement. But the continuing presence of Métis living and working in the city, and the establishment of Rooster Town itself, made the Winnipeg experience unique. Rooster Town documents the story of a community rooted in kinship, culture, and historical circumstance, whose residents existed unofficially in the cracks of municipal bureaucracy, while navigating the legacy of settler colonialism and the demands of modernity and urbanization. Winner of the 2021 Rachel Carson Environmental Book Award Winner of the 2021 Maine Literary Award for Nonfiction Finalist for the 2020 National Book Critics John Leonard Prize for Best First Book Finalist for the 2021 New England Society Book Award Finalist for the 2021 New England Independent Booksellers Association Award A New York Times Editors' Choice and Chicago Tribune top book for 2020 "Mill Town is the book of a lifetime; a deep-drilling, quick-moving, heartbreaking story. Scathing and tender, it lifts often into poetry, but comes down hard when it must. Through it all runs the river: sluggish, ancient, dangerous, freighted with America's sins." —Robert Macfarlane, author of Underland

Kerri Arsenault grew up in the small, rural town of Mexico, Maine, where for over 100 years the community orbited around a paper mill that provided jobs for nearly everyone in town, including three generations of her family. Kerri had a happy childhood, but years after she moved away, she realized the price she paid for that childhood. The price everyone paid. The mill, while providing the social and economic cohesion for the community, also contributed to its demise. Mill Town is a book of narrative nonfiction, investigative memoir, and cultural criticism that illuminates the rise and collapse of the working-class, the hazards of loving and leaving home, and

the ambiguous nature of toxics and disease with the central question; Who or what are we willing to sacrifice for our own survival? "An engaging, plot-driven thriller . . ." -- Kirkus Reviews, on This Town Is Not All Right "For junior conspiracy theorists everywhere." -- Booklist, on This Town Is Not All Right In the sequel to *This Town Is Not All Right*, Beacon, Everleigh, and Arthur think they've left the horror of Driftwood Harbor behind them, but the worst is yet to come. After barely escaping Driftwood Harbor and the wrath of the town, twins Beacon and Everleigh McCullough are on the run with their father and their friend and resident genius Arthur. Only, there's something strange going on with their dad. As they start to unravel what's wrong, Beacon quickly realizes they have much bigger problems on their hands, as the group is drawn back to the very same place they left, in order to prevent a terrifying plot from unfolding. Because this time it's not just their family or the town that's in danger -- this time, it's the planet. *This Town Is a Nightmare* is the middle-grade horror sequel to M. K. Kry's *This Town Is Not All Right*. Be prepared for a thrilling page-turner with a major mystery, because the residents of Driftwood Harbor are determined to draw you back in, no matter what it takes. Wild, graphic, sometimes funny, ultimately sad -- this is the book that had Hollywood hiding behind closed doors and "no comment." Four beautiful young women tell the stories of the famous, the sexy, the rich, and the sadistic. "A book about contemporary political culture in Washington, DC"-- "They had been told their sacrifice was for the public good. They were never told how much they would miss it, or for how long." *Drowned Town* explores the multigenerational impact caused by the loss of home and illuminates the joys and sorrows of a group of people bound together by western Kentucky's *Land Between the Lakes* and the lakes that lie on either side of it. The linked stories are rooted in a landscape forever altered by the mid-twentieth-century impoundment of the Tennessee and Cumberland Rivers and the seizing of property under the power of eminent domain to create a national recreation area on the narrow strip of land between the lakes. The massive federal land and water projects completed in quick succession were designed to serve the public interest by providing hydroelectric power, flood control, and economic progress for the region -- at great sacrifice for those who gave up their homes, livelihoods,

towns, and history. The narrative follows two women whose lives are shaped by their friendship and connection to the place, and their stories go back and forth in time to show how the creation of the lakes both healed and hurt the people connected to them. In the process, the stories emphasize the importance of sisterhood and family, both blood and created, and how we cannot separate ourselves from our places in the world. Photographer O. N. Pruitt (1891–1967) was for some forty years the de facto documentarian of Lowndes County, Mississippi, and its county seat, Columbus--known to locals as "Possum Town." His body of work recalls many FSA photographers, but Pruitt was not an outsider with an agenda; he was a community member with intimate knowledge of the town and its residents. He photographed his fellow white citizens and Black ones as well, in circumstances ranging from the mundane to the horrific: family picnics, parades, river baptisms, carnivals, fires, funerals, two of Mississippi's last public and legal executions by hanging, and a lynching. From formal portraits to candid images of events in the moment, Pruitt's documentary of a specific yet representative southern town offers viewers today an invitation to meditate on the interrelations of photography, community, race, and historical memory. Columbus native Berkley Hudson was photographed by Pruitt, and for more than three decades he has considered and curated Pruitt's expansive archive, both as a scholar of media and visual journalism and as a community member. This stunning book presents Pruitt's photography as never before, combining more than 190 images with a biographical introduction and Hudson's short essays and reflective captions on subjects such as religion, ethnic identity, the ordinary graces of everyday life, and the exercise of brutal power. "Sixpence House is the bookworm's answer to A Year in Provence." -Boston Globe Paul Collins and his family abandoned the hills of San Francisco to move to the Welsh countryside-to move, in fact, to the village of Hay-on-Wye, the "Town of Books" that boasts fifteen hundred inhabitants-and forty bookstores. Taking readers into a secluded sanctuary for book lovers, and guiding us through the creation of the author's own first book, Sixpence House becomes a heartfelt and often hilarious meditation on what books mean to us. A #1 BookSense Pick "A delightful book." -Los Angeles Times "Collins' gift is that you don't care

*where you end up. The journey is enough."-Readerville "The real, engaging heart of the tale is Collins' love of books and other people who love them...Collins muses on antiquarian books the way the rest of us remember lost loves."-San Francisco Chronicle "Funny, informative, somewhat chaotic and full of interesting references...there are numerous meanders into peripheral subjects, seen through the astute eyes of an Anglophile American."-Washington Post "Elegant and gritty, angry and funny. Staples's work is emotional without being sentimental. Dennis unmakes something in us, then remakes it, a quilt of characters that embody this town, this place, which sleeps but doesn't dream, or it is all a dream we want to wake up from with its characters." —Tommy Orange, author of *There, There* On an Ojibwe reservation called Languille Lake, within the small town of Geshig at the hub of the rez, two men enter into a secret romance. Marion Lafournier, a midtwenties gay Ojibwe man, begins a relationship with his former classmate Shannon, a heavily closeted white man. While Marion is far more open about his sexuality, neither is immune to the realities of the lives of gay men in small towns and closed societies. Then one night, while roaming the dark streets of Geshig, Marion unknowingly brings to life the spirit of a dog from beneath the elementary school playground. The mysterious revenant leads him to the grave of Kayden Kelliher, an Ojibwe basketball star who was murdered at the age of seventeen and whose presence still lingers in the memories of the townsfolk. While investigating the fallen hero's death, Marion discovers family connections and an old Ojibwe legend that may be the secret to unraveling the mystery he has found himself in. Set on a reservation in far northern Minnesota, *This Town Sleeps* explores the many ways history, culture, landscape, and lineage shape our lives, our understanding of the world we inhabit, and the stories we tell ourselves to make sense of it all. The New York Times bestseller! From the #1 New York Times bestselling author of *This Town*, an equally merciless probing of America's biggest cultural force, pro football, at a moment of peak success and high anxiety Like millions of Americans, Mark Leibovich has spent more of his life tuned into pro football than he'd care to admit. Being a lifelong New England Patriots fan meant growing up on a steady diet of lovable loserdom. That is, until the*

Tom Brady/Bill Belichick era made the Pats the most ruthlessly efficient and polarizing sports dynasty of the modern NFL, and its fans the most irritating in all of Pigskin America. Leibovich kept his obsession quiet, making a nice career for himself covering that other playground for rich and overgrown children, American politics. Still, every now and then Leibovich would reach out to Tom Brady to gauge his willingness to subject himself to a profile. He figured that the chances of Brady agreeing were a Hail Mary at best, but Brady returned Mark's call in summer 2014 and kept on returning his calls through epic Patriots Super Bowl victory and defeat, and a scandal involving Brady--Deflategate--whose grip on sports media was as profound as its true significance was ridiculous. So began a four-year odyssey that took Mark Leibovich deeper inside the NFL than anyone has gone before. From the owners' meeting to the draft to the sidelines of crucial games, he takes in the show at the elbow of everyone from Brady to big-name owners to the cordially despised NFL Commissioner, Roger Goodell. Ultimately, BIG GAME is a chronicle of "peak football"--the high point of the sport's economic success and cultural dominance, but also the time when the dark side began to show. It is an era of explosive revenue growth, but also one of creeping existential fear. Players have long joked that NFL stands for "not for long," but as the true impact of concussions becomes inescapable background noise, it's increasingly difficult to enjoy the simple glory of football without the buzz-kill of its obvious consequences. And that was before Donald Trump. In 2016, Mark's day job caught up with him, and the NFL slammed headlong into America's culture wars. BIG GAME is a journey through an epic storm. Through it all, Leibovich always keeps one eye on Tom Brady and his beloved Patriots, through to the 2018 Super Bowl. Pro football, this hilarious and enthralling book proves, may not be the sport America needs, but it is most definitely the sport we deserve. Drug dealers, hustlers, brothels, dirty politics, corrupt cops . . . and sorcery. Welcome to Low Town. In the forgotten back alleys and flophouses that lie in the shadows of Rigus, the finest city of the Thirteen Lands, you will find Low Town. It is an ugly place, and its champion is an ugly man. Disgraced intelligence agent. Forgotten war hero. Independent drug dealer. After a fall from grace five years ago, a man known as the

Warden leads a life of crime, addicted to cheap violence and expensive drugs. Every day is a constant hustle to find new customers and protect his turf from low-life competition like Tancred the Harelip and Ling Chi, the enigmatic crime lord of the heathens. The Warden's life of drugged iniquity is shaken by his discovery of a murdered child down a dead-end street . . . setting him on a collision course with the life he left behind. As a former agent with Black House—the secret police—he knows better than anyone that murder in Low Town is an everyday thing, the kind of crime that doesn't get investigated. To protect his home, he will take part in a dangerous game of deception between underworld bosses and the psychotic head of Black House, but the truth is far darker than he imagines. In Low Town, no one can be trusted. Daniel Polansky has crafted a thrilling novel steeped in noir sensibilities and relentless action, and set in an original world of stunning imagination, leading to a gut-wrenching, unforeseeable conclusion. Low Town is an attention-grabbing debut that will leave readers riveted . . . and hungry for more. Look at any list of America's top foodie cities and you probably won't find Boise, Idaho or Sitka, Alaska. Yet they are the new face of the food movement. Healthy, sustainable fare is changing communities across this country, revitalizing towns that have been ravaged by disappearing industries and decades of inequity. What sparked this revolution? To find out, Mark Winne traveled to seven cities not usually considered revolutionary. He broke bread with brew masters and city council members, farmers and philanthropists, toured start-up incubators and homeless shelters. What he discovered was remarkable, even inspiring. In Bethlehem, Pennsylvania, once a company steel town, investment in the arts has created a robust new market for local restaurateurs. In Alexandria, Louisiana, "one-stop shopping" food banks help clients apply for health insurance along with SNAP benefits. In Jacksonville, Florida, aeroponics are bringing fresh produce to a food desert. Over the course of his travels, Winne experienced the power of individuals to transform food and the power of food to transform communities. The cities of Food Town, USA remind us that innovation is ripening all across the country, especially in the most unlikely places.
