Freedom and Serfdom Sep 05 2020 caused in the western camp. A further factor which operates to our disadvantage is the fact that in our democracies the role played by the mass of uprooted humanity is becoming increasingly important, and the problem of control and guidance of the masses still seems to be far from being solved. To all these burning questions an answer is given in this volume, *Freedom and Serfdom*, which contains a selection from the best contributions of world-renowned social economists, sociologists, philosophers and exponents of the political sciences, published for the first time in the English language. It is at this very moment that a work such as this, dedicated to the moral and intellectual struggle against communism and an analysis of our own democratic institutions, is of particular and urgent importance. For it is imperative, surely, that we should use to the best possible advantage the relatively short time vouchsafed us by the sobering effects of the Paris conference, before our opponents succeed once again in lulling us into a sense of complacent security. The purpose of this volume is not only to make a contribution towards the scientific clarification of some of the burning problems of the age, but also to instil a sense of urgency and vigilance, particularly in the younger generation, and to imbue them with courage and an eager readiness to fight for the ideals of the western world.

Music in the Eighteenth Century Jan 28 2020 Eighteenth Century Music in its cultural, social, and intellectual contexts. John Rice's *Music in the Eighteenth Century* takes the reader on an engrossing Grand Tour of Europe's musical centers, from Naples, to London, Berlin, Vienna, Prague, and St. Petersburg —with a side trip to the colonial New World. Against the backdrop of Europe's largely peaceful division into Catholic and Protestant realms, Rice shows how "learned" and "galant" styles developed and commingled. While considering Mozart, Haydn, and early Beethoven in depth, he broadens his focus to assess the contributions of lesser-known but significant figures like Johann Adam Hiller, Francois-André Philidor, and Anna Bon. *Western Music in Context: A Norton History* comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents.

The Columbia Anthology of Gay Literature Feb 08 2021 In the three decades since New York City's Stonewall rebellion, gay literature has exploded as a distinctive form of cultural expression. In a variety of styles and genres, gay men have increasingly begun to articulate their sexual identities. At the same time, gay writers and scholars have begun in earnest the search for a literary history long denied by the refusal to recognize homosexual love as an integral part of Western literature. Yet to date, no single volume has brought together the full range of poetry, fiction, essays, and autobiography that portray love between men. From the Epic of Gilgamesh to the poems of Allen Ginsberg and gay literature of the 1980s and '90s, The Columbia Anthology of Gay Literature draws together hundreds of texts from Western literary history that describe experiences of love, friendship, intimacy, desire, and sex among men. While other anthologies have focused primarily on poetry, drama, or fiction, this volume is the first to include a full range of genres. Spanning more than two millennia, from ancient Mesopotamia to the late twentieth century, this anthology brings together the best-known texts of gay male writing such as the poetry of Martial and Walt Whitman, and excerpts from E. M. Forster's *Maurice*, as well as from lesser known works such as nineteenth-century English homoerotic poetry and selections from two early American novels of homosexual love -- *Joseph and His Friend* and *Imre*. In The Columbia Anthology readers become acquainted with the early bonds of male companionship found in Homer's writings on Zeus and Ganymede, and with the homoerotic poetry of Catullus and Juvenal. From Shakespeare's Sonnets to the philosophy of de Sade, to the political writings of Edmund White, this masterful anthology traces a multifaceted tradition. Arranged chronologically, sections are supplemented by illuminating introductory essays; many individual pieces include background commentary on the writer and the work. As a landmark to the enduring spirit of gay writers, this collection is an essential addition to the library of anyone searching for the historical foundations of gay identities. With its excellent annotations and suggestions for further reading, The Columbia Anthology of Gay Literature will also serve as an invaluable resource to students and scholars in need of a guide to a massive body of literature that has long been hidden, ignored, or misrepresented.

National Cowboy Poetry Gathering Aug 05 2020 The National Cowboy Poetry Gathering is the granddaddy of all cowboy poetry events, proclaimed by the US Senate in 2000 in recognition of its pioneering role in the preservation and revitalization of this important American tradition. In conjunction with the 30th anniversary of the event, this commemorative volume collects 100 poems by various cowboy poets who have appeared at the gathering over the last three decades, from Baxter Black and Wallace McRae to Georgie Sicking and Paul Zarzyski. Representing the best contemporary cowboy poetry from the first gathering to the present, the poets and poems are culled for their importance and quality with consideration for a wide range of topics that represent the richness and depth of this broad genre. In addition to poems that will make you smile, sigh, or sit up straight in your saddle, the anthology features

expressive photos of the contributors, biographical and explanatory headnotes, relevant artwork from the Western Folklife Center's extensive archives, and illuminating sidebars on various topics such as working cattle; life on the land; the relationship between cowboy poetry and song; gear, horses, or cattle mentioned in poems; and profiles and photos of important cowboy poets from earlier times. Cowboy poet extraordinaire Baxter Black will provide a foreword, and Charlie Seemann, executive director of the Western Folklife Center, will write an introduction that gives context both to the event itself and to cowboy poetry in general, from the days of the trail drives in the nineteenth century to the lives of the hardworking men and women who still ranch and live on the land in the West today.
