You really can do-it-yourself when it comes to RV renovation and remodel. You Call the Shots I'm a bit of a backyard mechanic. Pretty much since I was old enough to hold a wrench, I was working on some sort of project with my dad. He was a tinkerer, inventor, and all-around handyman. His favorite projects were fixing up cars and old campers - Airstreams, motorhomes of all classes, and RVs of all sizes. In fact, when he passed away, I am sure there were at least 3 or 4 unfinished, ongoing projects still left in his garage. Luckily, I inherited much of his know-how when it came to refurbishing and refinishing fixer-uppers. It's Easy - Anyone Can Do It! Redecorating a used RV is the easiest way to customize your new home on wheels. In fact, family vacations taken in an RV are, on average, 27-62% cheaper than other methods of travel. You can see the country and make memories together that you will not soon forget. Those monetary savings start when you decide to purchase a used camper and make it your own rather than buying a brand new one. Don't know where to start with your RV renovation? Start with my book! In my book about renovating an RV, you will learn the best way to plan your travel trailer remodel. In this book, you will see where to begin when taking on such a huge task as renovating and redecorating a motorhome. You will learn all about how to remodel, redecorate, and refurbish an RV, camper, motorhome, and travel trailer. To consider purchasing a Travel Trailer, or any RV for that matter, it makes sense to investigate everything about the brand you are considering. All too often purchasing a travel trailer becomes an emotional decision rather than a decision based on functionality and reliability. We hope that this book serves as a guide so you can think through all of your needs prior to purchasing your travel trailer. There are many more considerations involved in purchasing a travel trailer than just the initial purchase price. Getting a great deal is fine, but having a great deal and then being frustrated and disappointed is not very satisfying. A trailer that lacks your most important requirements will leave you wondering why you didn't spend more time shopping. I outlined all the amenities they offer, the actual cost to stay and so much more. We gathered this data from our last three trips across all 48 states. I also included what to see, where to visit and what they are famous for in each of the states. For each state, I created a detail travel plan that covers everything that is worth seeing along with where to stay while visiting that state. There are 48 chapters, each representing one individual state. Each state is divided into three categories. "Suggested RV trips" - this is where I outline what the main attractions are for each of the states including cities, next I name each and every RV parks, the amenities they offer and what the costs are. Finally, I discuss all the state parks in each state and what perks and goodies they offer along with actual costs. By profession, I was in instructional design, where I designed various commercial and industrial training modules and helped create mini-guides which are far from writing an RV travel guide. I am not qualified to write such guides, but after our 3rd around the country trips, my wife made a convincing argument that people like us could truly benefit from such guides which we didn't have when we first started traveling around our great country. It took me little over nine months to gather all the information and start writing. It is a no-fluff guide with no storytelling as I am good at writing fiction, so I didn't even try, I stayed with the facts and information that I know is helpful to everyone that is looking to take a trip around our good ole' USA. My wife and I were lucky enough to be able to retire at age 52. We both share one passion, and that is the beautiful wide open roads and to see this great vast country of ours. We were able to buy us gently used Class A Fleetwood Southwind for a very reasonable price. It is spacious, maybe a little too spacious for just two of us, but we love every bit of it. It drives beautifully, and the interior comfort is almost like a 5-star hotel. We both love living in it. We spend roughly five months out of the year on the road; we take a 2.5 month long trip around the lower half of the country during the spring, then another 2.5-3 month's long trip during late summer to early fall around the upper part of the country. Since we have been to each of the lower 48 states a dozen or so times and tried out various parks and amenities in every state. We have decided to share all our knowledge here with you. Enjoy the freedom of open roads. Covers all aspects of RV living from choosing an RV and towing vehicles, to basic maintenance and cooking on the road. "[W]e've been full-timing for over three years and we've learned the ins and outs of RVing America. In this guide, you'll learn the answers to the most common questions we receive about RV living.
