Jim Morrison Aug 05 2020 As the lead singer of the Doors, Jim Morrison's searing poetic vision and voracious appetite for sexual, spiritual, and psychedelic experience inflamed the spirit and psyche of a generation. Since his mysterious death in 1971, millions more fans from a new generation have embraced his legacy, as layers of myth have gathered to enshroud the life, career, and true character of the man who was James Douglas Morrison. In *Jim Morrison*, critically acclaimed journalist Stephen Davis, author of *Hammer of the Gods*, unmask Morrison's constructed personas of the Lizard King and Mr. Mojo Risin' to reveal a man of fierce intelligence whose own destructive tendencies both fueled his creative ambitions and brought about his downfall. Gathered from dozens of original interviews and investigations of Morrison's personal journals, Davis has assembled a vivid portrait of a

misunderstood genius, tracing the arc of Morrison's life from his troubled youth to his international stardom, when his drug and alcohol binges, tumultuous sexual affairs, and fractious personal relationships reached a frenzied peak. For the first time, Davis is able to reconstruct Morrison's last days in Paris to solve one of the greatest mysteries in music history in a shocking final chapter. Compelling and harrowing, intimate and revelatory, *Jim Morrison* is the definitive biography of the rock idol in snakeskin and leather who defined the 1960s.

Murder in the Métro Dec 21 2021 On the evening of May 16, 1937, the train doors opened at the Porte Dorée station in the Paris Métro to reveal a dying woman slumped by a window, an eight-inch stiletto buried to its hilt in her neck. No one witnessed the crime, and the killer left behind little forensic evidence. This first-ever murder in the Paris Métro dominated the headlines for weeks during the summer of 1937, as journalists and the police slowly uncovered the shocking truth about the victim: a twenty-nine-year-old Italian immigrant, the beautiful and elusive Laetitia Toureaux. Toureaux toiled each day in a factory, but spent her nights working as a spy in the seamy Parisian underworld. Just as the dangerous spy Mata Hari fascinated Parisians of an earlier generation, the mystery of Toureaux's murder held the French public spellbound in pre-war Paris, as the police tried and failed to identify her assassin. In *Murder in the Métro*, Gayle K. Brunelle and Annette Finley-Croswhite unravel Toureaux's complicated and mysterious life, assessing her complex identity within the larger political context of the time. They follow the trail of Toureaux's murder investigation to the Comité Secret d'Action Révolutionnaire, a secret right-wing political organization popularly known as the Cagoule, or "hooded ones." Obsessed with the Communist threat they perceived in the growing power of labor unions and the French left wing, the Cagoule's leaders aimed to overthrow

France's Third Republic and install an authoritarian regime allied with Italy. With Mussolini as their ally and Italian fascism as their model, they did not shrink from committing violent crimes and fomenting terror to accomplish their goal. In 1936, Toureaux -- at the behest of the French police -- infiltrated this dangerous group of terrorists and seduced one of its leaders, Gabriel Jeantet, to gain more information. This operation, the authors show, eventually cost Toureaux her life. The tale of Laetitia Toureaux epitomizes the turbulence of 1930s France, as the country prepared for a war most people dreaded but assumed would come. This period, therefore, generated great anxiety but also offered new opportunities -- and risks -- to Toureaux as she embraced the identity of a "modern" woman. The authors unravel her murder as they detail her story and that of the Cagoule, within the popular culture and conflicted politics of 1930s France. By examining documents related to Toureaux's murder -- documents the French government has sealed from public view until 2038 -- Brunelle and Finley-Croswhite link Toureaux's death not only to the Cagoule but also to the Italian secret service, for whom she acted as an informant. Their research provides likely answers to the question of the identity of Toureaux's murderer and offers a fascinating look at the dark and dangerous streets of pre--World War II Paris.

Identifications of French People of Algerian Origin Jan 22 2022 This book is an innovative presentation of the way in which the descendants of Muslim immigrants from Algeria in France perceive and deal with multiple social identifications. Against the background of the theory and methodology (such as Saussure's sign theory, Znaniecki's sociology, and Brubaker and Cooper's concepts), Kubera offers a new analysis into identity in a multicultural society. The book revolves around a combination of the modernist and post-modernist paradigms: highlighting both the constant and situational aspects of social identity. By focusing on identifications, the author shows how to overcome the problem of "intangibility" of identity in research practice. Touching on colonialism, gender, religion, migration, and racism, this will be an important contribution to students and scholars across sociology, anthropology, political science, law, and international relations.

Family Business on the Couch Feb 20 2022 The challenge faced by family businesses and their stakeholders, is to recognise the issues that they face, understand how to develop strategies to address them and more importantly, to create narratives, or family stories that explain the emotional dimension of the issues to the family. The most intractable family business issues are not the business problems the organisation faces, but the emotional issues that compound them. Applying psychodynamic concepts will help to explain behaviour and will enable the family to prepare for life cycle transitions and other issues that may arise. Here is a new understanding and a broader perspective on the human dynamics of family firms with two complementary frameworks, psychodynamic and family systematic, to help make sense of family-run organisations. Although this book includes a conceptual section, it is first and foremost a practical book about the real world issues faced by business families. The book begins by demonstrating that many years of achievement through generations can be destroyed by the next, if the family fails to address the psychological issues they face. By exploring cases from famous and less well known family businesses across the world, the authors discuss entrepreneurs, the entrepreneurial family and the lifecycles of the individual and the organisation. They go on to show how companies going through change and transition can avoid the

pitfalls that endanger both family and company. The authors then apply tools that will help family businesses in transition and offer their analyses and conclusions. Readers should draw their own conclusions from careful examination of the cases, identifying the problems or dilemmas faced and the options for improved business performance and family relationships. They should ask what they might have done in the given situation and what new insight into individual or family behaviour each case offers. The goal is to avoid a bitter ending.

Churchill and Secret Service Jun 02 2020 'A fascinating narrative and a scholarly exegesis' - SUNDAY TIMES Uniquely among modern British statesmen, Churchill believed passionately in the value of secret intelligence both in peace and war. As a young correspondent and soldier in Cuba, India, Sudan and South Africa, he experienced its worth at first hand. Later, preoccupied by fears of German spying before World War I, he was a member of the Cabinet that established the Secret Service. Churchill helped ensure the passing of the Official Secrets Act of 1911, and was the first Home Secretary to authorise general warrants for the secret interception of mail. As wartime Prime Minister he built a centralised intelligence community, created the Special Operations Executive to work behind enemy lines, and with Roosevelt built the transatlantic intelligence alliance that endures to this day. Based on wide-ranging sources, many never explored or only recently released, Churchill and Secret Service offers an intriguing insight into both modern intelligence and the mind and character of Churchill himself.

The Fighting Captain Aug 24 2019 Captain F J Walker, RN, did more than any other man at sea to win the Battle of the Atlantic, a vicious and unrelenting struggle which Churchill described as the dominating factor throughout World War Two. He was a formidable figure and one of the greatest fighting captains in the Royal Navy, sinking twenty U-boats. For this he was awarded a CB and four DSOs. A month after D-Day, exhausted by his continuous actions at sea against the enemy and his successful exertions to keep the U-boats out of the English Channel to ensure the safe passage of the Allied landings at D-day, he went ashore in Liverpool after a patrol. His ships and the men he had trained and inspired were already back at sea when he died on the 9 July, 1944, aged 48. His ships went on to sink another nine U-boats, bringing his flotillas' total up to twenty-nine, before the U-boat fleet finally surrendered. Fifteen of which were sunk by Walker's own ship, HMS Starling.

A History of the French New Wave Cinema Dec 09 2020 The French New Wave cinema is arguably the most fascinating of all film movements, famous for its exuberance, daring, and avant-garde techniques. A History of the French New Wave Cinema offers a fresh look at the social, economic, and aesthetic mechanisms that shaped French film in the 1950s, as well as detailed studies of the most important New Wave movies of the late 1950s and early 1960s. Richard Neupert first tracks the precursors to New Wave cinema, showing how they provided blueprints for those who would follow. He then demonstrates that it was a core group of critics-turned-directors from the magazine Cahiers du Cinéma—especially François Truffaut, Claude Chabrol, and Jean-Luc Godard—who really revealed that filmmaking was changing forever. Later, their cohorts Eric Rohmer, Jacques Rivette, Jacques Doniol-Valcroze, and Pierre Kast continued in their own unique ways to expand the range and depth of the New Wave. In an exciting new chapter, Neupert explores the subgroup of French film practice known as the Left Bank Group, which included directors such as Alain Resnais and Agnès Varda. With the addition of this new material and an updated conclusion, Neupert presents a comprehensive review of the stunning variety of movies to come out of this important era in filmmaking.
