Commercial Law Concentrate Sep 16 2021 Commercial Law Concentrate is written and designed to help you succeed. Written by experts and covering all key topics, Concentrate guides go above and beyond, not only consolidating your learning but focusing your revision and maximising your exam performance. Each guide includes revision tips, advice on how to achieve extra marks, and a thorough and focused breakdown of the key topics and cases. Revision guides you can rely on: trusted by lecturers, loved by students... "I am hugely impressed by this little textbook on the substance: it does a better and clearer job at explaining key issues than many of the core texts. - Dr Eleni Frantziou, Associate Professor in Public Law & Human Rights, Durham University "The Concentrate books are my favourite revision guides as the quality of the information is always more comprehensive than others." Carly Hatchard, law student, University of Bolton "This revision guide is excellent ... I would certainly recommend it as a revision aid" - Claudia Carr, Principal Lecturer, Hertfordshire Law School, University of Hertfordshire "The Concentrate structure is extremely good, it makes it so much easier to revise ... no key information is left out, it's a great series." Emma Wainwright, law student, Oxford Brookes University "A really good overview of the key themes, tensions, and debates ... encourages students to go that bit further to increase their chances of scoring better in the assessment." - Professor Nicola Glover-Thomas, Professor of Law, University of Manchester "I have always used OUP revision and Q&A books and genuinely believe they have helped me get better grades" - Anthony Poole, law student, Swansea University "Undoubtedly a good resource ... I

would certainly recommend it as additional material for modules assessed by examination." - Dr Ben Stanford, School of Law, Liverpool John Moores University "The detail in this revision textbook is phenomenal and is just what is needed to push your exam preparation to the next level" - Stephanie Lomas, law student, University of Central Lancashire Take it online: The 6th edition is available in paperback, or e-book and is supported by extensive online resources to take your learning further. Visit www.oup.com/lawrevision/ for expert revision and study advice, self-test questions and answers, flashcard key cases and glossary and outline answers to questions from the book.

Contract Law Minimalism Aug 04 2020 Critically examines moral-promissory, economic and socio-legal perspectives on contract law, arguing that it should be formal and minimalistic by design.

Essays and Addresses on Arab Laws Jan 27 2020 Essential reading for anyone wishing to do business in Arab countries and needing to acquaint themselves with the legal position there, this volume presents an impartial examination of the commercial laws of the Gulf Arab states and gives details of how pitfalls and costly errors can be avoided when dealing with those states.

Commercial Law Cases, Vol. 1 of 2 Apr 11 2021 Excerpt from Commercial Law Cases, Vol. 1 of 2 The object of this book is to furnish material which, in the hands of a competent instructor, shall be adequate for a two years course in commercial law in institutions of collegiate rank. To this end, the authors have attempted to combine the advantages of the text book and case systems, and have attempted further to eliminate some of the disadvantages of each. The text presents to the student the fundamental principles of each subject in such form that he may appreciate the relation of the cases to each

other and to the whole; the cases have been so summarized and abstracted as to reduce to a minimum the tedious verbiage upon which the student ordinarily wastes time. In order to accomplish this result within a limited number of pages, the authors have been obliged to assume competent instruction, or, in its absence, such general familiarity with the subject matter by the student that he can appreciate what subjects have been exhaustively covered and what subjects are less completely represented. While the main topics in every branch treated have been at least touched upon, it has been necessary to confine within the scope of two volumes material which in the ordinary law school instruction requires at least twelve. Obviously, every branch of every subject cannot be completely set forth. With this difficulty in view, the authors have not lost sight of the main elements and fundamental principles, yet have been obliged to treat conflicts in minor rules as of secondary importance. More space and minuteness of detail have been given to the discussion of the law of contracts than to any other branch, since experience shows that a proportionately longer period devoted to the first and fundamental subject in commercial law results in a quicker and surer grasp of the derivative principles of subjects subsequently treated. The relative space occupied in this volume by the law of contracts represents to the authors minds the relative time which should be spent upon that subject in any course on commercial law. It may be thought that a text purporting to cover two years work should comprise other branches of the law in addition to those here represented: Contracts, Sales, Agency, Negotiable Instruments, Partnership and Corporations. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Materials on Commercial Law - Volume II Feb 28 2020 An accident happened in the North Sea and I need a complete overview of the rules regarding oil pollution at sea. I need to draft a legal advice for a financial institution on paperless trade finance. I wish to have the legal rules applicable to copyrights and trademarks at hand during my client's meeting. As a student, I wish to have one compendium in which the most important materials and legal provisions on (International) Commercial Law are gathered. For these and many more examples, one can rely on the Materials on Commercial Law. Indeed, this reader bundles in three volumes the most important materials - even those published by soft-law organisations and not always easy to access by the public - in the eclectic field of commercial law. The reader is user-friendly via its index at the beginning of each Volume. The legislative texts are categorized per legal domain. In short, the reader is indispensable for every student, practitioner, magistrate and in-house counsel active in International Business & Trade.

Commercial Law Dec 20 2021 This innovative textbook examines commercial law and the social and political context in which it develops. Topical examples, such as funding for terrorism, demonstrate this fast-moving field's relevance to today's concerns. This wide-ranging subject is set within a clear structure, with part and chapter introductions setting out the student's course of study. Recommendations for further reading at the end of every chapter point the reader to important sources for advanced study and revision questions encourage understanding. The extensive coverage and detailed commentary has been extensively market tested to ensure that the contents are aligned with the needs of university courses in commercial law.

Australian Commercial Law Nov 06 2020 Fully revised and updated, Australian Commercial Law offers a comprehensive, accessible introduction to key aspects of Australian commercial law. Part 1 introduces the fundamentals of contract law and business structures before examining the sale of goods, agency, bailment and personal property. Part 2 covers the

Australian Consumer Law, focusing on areas important to commercial entities that interact with consumers. Part 3 examines international commercial law, providing a detailed introduction to the World Trade Organization and to agreements central to trade between countries. The second edition includes: detailed discussion of key concepts in commercial law; four new chapters on contract law basics, business structures, bankruptcy and international commercial law; thorough integration of digital and e-commerce transactions; and end-of-chapter discussion questions designed to test reader knowledge of key points and themes. Written in a clear and concise style by an expert author team, Australian Commercial Law is an indispensable resource for students seeking a comprehensive understanding of commercial law.

The Development of Commercial Law in Sweden and Finland (Early Modern Period–Nineteenth Century) Oct 06 2020 The Development of Commercial Law in Sweden and Finland provides a broad perspective on North European commercial law in a comparative and international framework.

Non-State Rules in International Commercial Law Mar 30 2020 Through further technological development and increased globalization, conducting business abroad has become easier, especially for Small and Medium Enterprises (SME). However, the legal issues associated with international commerce have not lessened in complexity, including the role of non-state rules. The book provides a comprehensive analysis of non-state rules in international commercial contracts. Non-state rules have legal authority in the national and international sphere, but the key question is how this legal authority can be understood and established. To answer this question this book examines first what non-state rules are and how their legal authority can be measured, it then analyses how non-state rules are applied in different scenarios, including as the applicable law, as a source of law, or to interpret either the law or the contract. Throughout this analysis three other important questions are also answered: when can non-state rules be applied? when are they applied? and how are they applied? The book concludes with a framework and classification that leads to a deeper understanding of the legal authority of non-state rules. Providing a transnational perspective on this important topic, this book will appeal to anyone researching international commercial law. It will also be a valuable resource for arbitrators and anyone working in international commercial litigation.

The Commercial Law of Iraq and Palestine Sep 04 2020

Commercial Law Sep 24 2019 Along with the addition of Steven D. Walt, the major feature of the Fifth Edition of Jordan, Warren & Walt, Commercial Law, will be the full integration of Revised Article 9 of the Uniform Commercial Code, which promises to be enacted in a large number of states by the time of its effective date, July 1, 2001. The culmination of nearly a decade of work, the new Article 9 is a major revision & extension of secured transactions law; the interpretation of its complex provisions will challenge teachers & students for many years. The materials on Payments & Letters of Credit will be updated as courts continue to hand down important cases on the new uniform acts in these areas.

Commercial and Economic Law in Hungary Sep 28 2022 Derived from

the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the law covering merchants' status and obligations – including the laws governing state intervention in economic activities – in Hungary provides quick and easy guidance on such commercial and economic matters as business assets, negotiable instruments, commercial securities, and regulation of the conditions of commercial transactions. Lawyers who handle transnational business will appreciate the explanation of local variations in terminology and the distinctive concepts that determine practice and procedure. Starting with a general description of the specifically applicable concepts and sources of commercial law, the book goes on to discuss such factors as obligations of economic operators and institutions, goodwill, broker/client relations, commercial property rights, and bankruptcy. Discussion of economic law covers the laws governing establishment, supervision of economic activities, competition law, and government taxation incentives. These details are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Thorough yet practical, this convenient volume is a valuable tool for business executives and their legal counsel with international interests. Lawyers representing parties with interests in Hungary will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative commercial and economic law.

Commercial Law and Commercial Practice Dec 08 2020 This edited collection brings together leading scholars and practitioners from various jurisdictions with essays and commentaries co-ordinated around the theme of alignments and misalignments between commercial law and commercial practice. The purpose of the book is to prompt a more critical and constructive reassessment of current commercial law and its practices, and to instigate a more fruitful dialogue between academics, judges, law reformers and practitioners. The result is a series of provocative and challenging essays addressing an enormous range of problems that are of intimate concern to commercial practice. Some essays focus on broad themes, such as globalization and trust. Others address more specific issues, such as contract interpretation or constraining modern management. Yet another group targets special problems, such as dematerialisation or super-priority, in order to assess the success of commercial law in meeting commercial demands. The depth and breadth of issues addressed is a credit to the authors. Taken as a whole, the volume makes some pointed suggestions for improving the

practices and processes, and indeed the future progress, of commercial law.

Chinese Commercial Law Mar 11 2021 The rapid and continuing development of the Chinese economy and its markets has made business with China an integral component of the strategies of countless foreign companies, regardless of their size or form. However, in order to turn opportunities into successful enterprises, managers need a practical guide on the legal aspects of conducting business in China, and on the strategies for effectively circumventing unnecessary risks while simultaneously using the legal system to strengthen operations and protect interests. This remarkable book provides the necessary insight and guidance to devise a corporate strategy, and to tackle issues relating to common aspects of doing business with Chinese counterparts, investing in a Chinese enterprise, and engaging in business operations there. Drawing on expertise gained during eight years in China serving the legal needs of foreign companies, the author shows how many of the mistakes that foreign companies make can easily be avoided by conducting a proper due diligence and understanding how applicable laws work in practice. He clearly describes the opportunities and pitfalls exposed as a foreign investor engages with such elements of business in China as the following: negotiating a detailed written contract; performing a legal and commercial due diligence on a prospective partner; resolving disputes through negotiation, arbitration or litigation; establishing and enforcing trademarks, patents and other intellectual property rights; investing in China; considering the joint venture structure; expanding through a merger or acquisition; restructuring or liquidating an operation; designing and implementing effective corporate governance; retaining, managing and terminating employees; arranging funds into and out of China; ensuring both tax efficiency and tax compliance; and avoiding criminal liabilities in the course of doing business. Whether seeking to source from China or to establish manufacturing facilities in China to produce for export, to sell products or services on the domestic market, or even just to act as a conduit between China and the outside world, business managers and their counsel from all over the globe and across all industries will benefit enormously from this deeply informed, insightful, and practical guide
