**Giovanni da Verrazzano** May 30 2020 The well-educated son of an Italian family, Verrazzano settled in Dieppe, France, as a young man. This explains why his historic explorations of the coast of eastern North America were undertaken in the name of the French king. During his 1524 journey, Verrazzano recorded a detailed account of the places he visited, one that would prove a key source of information about North America. Readers will also learn about Verrazzano's later journey to Brazil and his final journey, in 1528, which ended tragically when he was killed and eaten by cannibals in the Caribbean.

**Amerigo Vespucci** Mar 28 2020 Amerigo Vespucci, the presumed namesake of the continents of North America and South America, is a controversial figure in the history of European exploration. The number of voyages he took to the New World is in dispute, but among his accomplishments, he found a rough method of calculating longitude, made notes on the indigenous peoples he encountered, and published theories proving that Columbus had not landed in India. This volume separates the fact from fiction, the man from the myth, and sets about to responsibly examine the remaining open questions at the heart of this history of New World exploration.

**Building Vocabulary: Grade 7: Kit eBook** Jun 11 2021 "This program helps students unlock the meaning of over 60% of the words they encounter in the classroom and beyond with a systematic approach to teaching vocabulary using Greek and Latin prefixes, bases, and suffixes. Students are introduced to one new root per lesson with daily activities to ensure that they learn the root and the many English words it generates. The teacher's guide includes lesson plans with detailed notes about words from each root, overhead transparencies for introductory activities, standards-based connections, and differentiation strategies."--Publisher website.

**Developing Core Literacy Proficiencies, Grade 7** Mar 20 2022 The Developing Core Literacy Proficiencies program is an integrated set of English Language Arts/Literacy units spanning grades 6-12 that provide student-centered instruction on a set of literacy proficiencies at the heart of the Common Core State Standards (CCSS). Reading Closely for Textual Details Making Evidence-Based Claims Making Evidence-Based Claims about Literary Technique (Grades 9-12) Researching to Deepen Understanding Building Evidence-Based Arguments The program approaches literacy through the development of knowledge, literacy skills, and academic habits. Throughout the activities, students develop their literacy along these three paths in an integrated, engaging, and empowering way. Knowledge: The texts and topics students encounter in the program have been carefully selected to expose them to rich and varied ideas and perspectives of cultural significance. These texts not only equip students with key ideas for participating knowledgeably in the important discussions of our time, but also contain the complexity of expression necessary for developing college- and career-ready literacy skills. Literacy Skills: The program articulates and targets instruction and assessment on twenty CCSS-aligned literacy skills ranging from "making inferences" to "reflecting critically." Students focus on this set of twenty skills throughout the year and program, continually applying them in new and more sophisticated ways. Academic Habits: The program articulates twelve academic habits for students to develop, apply, and extend as they progress through the sequence of instruction. Instructional notes allow teachers to introduce and discuss academic habits such as "preparing" and "completing tasks" that are essential to students' success in the classroom. The program materials include a comprehensive set of instructional sequences, teacher notes, handouts, assessments, rubrics, and graphic organizers designed to support students with a diversity of educational experiences and needs. The integrated assessment system, centered around the literacy skills and academic habits, allows for the coherent evaluation of student literacy development over the course of the year and vertically across all grade levels.

**Juan Ponce de León** Dec 25 2019 While he is now primarily associated with the quest for the legendary Fountain of Youth, Ponce de León was not merely involved in this fruitless search. A powerful figure in the Caribbean, he became the first governor of Puerto Rico. He led the first European expedition to Florida and was responsible for giving the state its name. The title discusses Ponce de León's treatment of Native Americans and the issues with crediting him with the "discovery" of Florida despite the Native Americans already living there and the possibility of earlier visits by Spanish slave-taking expeditions.
