There was once a girl child found after a thunderstorm amid a wash of shells and sea foam by Orsino, a grief-stricken king who'd only just buried his wife and unborn daughter. The king raised the child alongside his son, Orlando, dismissing the local belief she must be a mermaid. As the years passed, the girl grew into a beautiful young woman, the fairest in the land. As she grew, so did Orlando...and a love between them that even the changing tides could not break. She was never meant to be a princess but rather a woman to be loved by a prince. While love's aim flies true, his timing fails the target. Even the strongest of romance is no match for war--this I promise you. For I am the mermaid child, and this is my story. Redolent with the scent of lilac and oleander blossoms, and bursting with the flavors of quinces and overripe plums, Strand of a Thousand Pearls is the story of the imagined and actual marriages of the Azizyan girls, their years of yearning, restless and impatient, and the truth of their engagements, miles away from the enchanted realm and imaginary heroes of their dreams. Six years ago, Dorit Rabinyan burst onto the scene with Persian Brides, a novel that established her as a writer of incandescent spirit with a gift for spinning wry, magical tales about the vagaries of love and marriage. In Strand of a Thousand Pearls, she has given us a bitter-sweet fable about desires fulfilled and denied—about married love and carnal love, about mother's love and the kind of love that vanishes one night without warning, like an evaporated dream. Emma has been in love with Jacob for quite a long time now. She has dreamed of the day when he finally realizes that he loves her too, and when he asks to walk her home and speak with her privately about an important matter, she believes that her time has come. When she believes that Jacob chickened out from a proposal, she decides to tell him how she feels herself. But on the way to see him, she runs into Daniel, the other town heartthrob. What he has to tell her shocks her, but she cannot allow him to alter her decision. When all of her plans fall apart, will she make the decision that is easy, or will she make the plan that she knows is the right one for herself? All she knows is that neither Daniel nor Jacob will make it easy for her. A standalone short story with no cliff-hangers. This book is a study of female virginity loss and its representations in popular Anglophone literatures. It explores dominant cultural narratives around what makes a "good" female virginity loss experience by examining two key forms of popular literature: autobiographical virginity loss stories and popular romance fiction. In particular, this book focuses on how female sexual desire and romantic love have become entangled in the

contemporary cultural imagination, leading to the emergence of a dominant paradigm which dictates that for women, sexual desire and love are and should be intrinsically linked together: something which has greatly affected cultural scripts for virginity loss. This book examines the ways in which this paradigm has been negotiated, upheld, subverted, and resisted in depictions of virginity loss in popular literatures, unpacking the romanticisation of the idea of "the right one" and "the right time". Welcome to the dichotomy that is Cremorne... New York Times bestselling author Linda Howard captivates readers in the deeply romantic tale of a contemporary woman who unravels an extraordinary mystery from the past—by living it. A scholar specializing in ancient manuscripts, Grace St. John never imagined that a cache of old documents she discovered was the missing link to a lost Celtic treasure. But as soon as she deciphers the legend of the Knights of the Templar -- long fabled to hold the key to unlimited power -- Grace becomes the target of a ruthless killer bent on abusing the coveted force. Determined to stop him, Grace needs the help of a warrior bound by duty to uphold the Templar's secret for all eternity. But to find him -- and to save herself -- she must go back in time . . . to fourteenth-century Scotland . . . and to Black Niall, a fierce man of dark fury and raw, unbridled desire. . . . Talk of love surrounds us, and romance is a constant concern of popular culture. Ann Swidler's *Talk of Love* is an attempt to discover how people find and sustain real love in the midst of that talk, and how that culture of love shapes their expectations and behavior in the process. To this end, Swidler conducted extensive interviews with Middle Americans and wound up offering us something more than an insightful exploration of love: *Talk of Love* is also a compelling study of how much culture affects even the most personal of our everyday experiences. While the influence of Shakespeare on Sir Walter Scott has long been recognized, the importance of medieval literature in shaping his creative imagination has never before been examined in depth. Jerome Mitchell's new book fills this significant gap through a wide-ranging study of Scott's indebtedness to Chaucer and to medieval romance, especially the Middle English romances, for story-patterns, motifs, character types, style and structure, and detail. Mitchell establishes more completely and accurately than any previous critic the extent of Scott's knowledge of medieval literature. His examination of Scott's poetry, especially the long narrative poems, demonstrates their debt to Chaucer and medieval romance. The heart of the book is a detailed analysis of the *Waverley Novels*. Scott's debt to medieval literature, Mitchell shows, was vast, profound, and elemental; it is the single most important

source area for the *Waverley Novels*, their warp and woof. Moreover, it is probably the key to Scott's immense appeal—the very dimension which enabled him to cast an everlasting spell on his contemporaries, even on such great men as Byron and Goethe, and which has charmed generations of readers to the present day. This pioneering book, based on extensive research in Scotland, including Sir Walter Scott's personal library, sheds new light on the narrative substance and texture of Scott's poems and novels. Both the general reader and the serious student will derive from it a more informed appreciation of Scott's impressive achievement. Surveying the widespread appropriations of the Gothic in contemporary literature and culture, *Post-Millennial Gothic* shows contemporary Gothic is often romantic, funny and celebratory. Reading a wide range of popular texts, from Stephenie Meyer's *Twilight* series through Tim Burton's Gothic film adaptations of *Sweeney Todd*, *Alice in Wonderland* and *Dark Shadows*, to the appearance of Gothic in fashion, advertising and television, Catherine Spooner argues that conventional academic and media accounts of Gothic culture have overlooked this celebratory strain of 'Happy Gothic'. Identifying a shift in subcultural sensibilities following media coverage of the Columbine shootings, Spooner suggests that changing perceptions of Goth subculture have shaped the development of 21st-century Gothic. Reading these contemporary trends back into their sources, Spooner also explores how they serve to highlight previously neglected strands of comedy and romance in earlier Gothic literature. What is behind *Outlander* fever--the hit television drama's popularity? Is it author Diana Gabaldon's teasing posts on social media? Is it the real history reimagined? The highly emotional melodrama? Or is it the take-charge heroine and the sweet hero in a kilt? One of the show's biggest draws is its multigenre appeal. Gabaldon--whose *Outlander* novels form the basis of the series--has called it science fiction, fantasy, romance, historical fiction and military fiction, depending on her audience. This collection of new essays explores the series as a romance, a ghost story, an epic journey, a cozy mystery, a comedy of manners, a gothic thriller and a feminist answer to *Game of Thrones*, and considers the source of its broad appeal. First published in 1981. This study concentrates on the exponents of the central period of German Romanticism, regarding as characteristic the mode in which the poet's self becomes active only in response to external stimuli, most notably those of landscape. The author traces the main strands of thought and interests that preoccupy Romantic writers; the revolutionary attitude that is yet differentiated from that of writers like Byron by the lack of emphasis on individualism, the dualism of the bourgeois world and the 'inner self', the interest in language as an agency for the regeneration of the German spirit, and the concentration on folk-themes and the idea of *Wanderung*. This title will be of interest to students of literature. LOOK FOR THE FINAL SONS OF NAVARUS BOOK, BLOOD ASCENDANT, COMING NOVEMBER 12, 2019! I am everything you desire. I am vampire. When seventeen-year-old Sophia Petheram's beloved father dies, she receives an unexpected letter. An invitation—on fine ivory paper, in bold black handwriting—from the mysterious Monsieur Bernard de Cressac, her godfather. With no money and fewer options, Sophie accepts, leaving her humble childhood home for the astonishingly lavish Wyndriven Abbey, in the heart of Mississippi. Sophie has always longed for a comfortable life, and she finds herself both attracted to and shocked by the charm and easy manners of her overgenerous guardian. But as she begins to piece together the mystery of his past, it's as if, thread by thread, a silken net is tightening around her. And as she gathers stories and catches whispers of his former wives—all with hair as red as her own—in the forgotten corners of the abbey, Sophie knows she's trapped in the passion and danger of de Cressac's intoxicating world. Glowing strands of romance, mystery, and suspense are woven into this breathtaking debut—a thrilling retelling of the “Bluebeard” fairy tale. The figure of the woman as hero in pastoral romance is shown to grow in importance and complexity in this important new study. Princess Arien had all but given up her chance at love when she'd made a vow of chastity years before, but the little man she met one day in the forest seemed to think otherwise. “A contemporary novel of masterful horror replete with magic, fantasy, and more than a little stylish sensuality.”—The Washington Post Phil Hastings was a lucky man—he had money, a growing reputation as a screenwriter, a happy, loving family with three kids, and he'd just moved into the house of his dreams in rural of magic—and about to be altered irrevocably by a magic more real than any he dared imagine. For with the Magic came the Bad Thing, and the Faerie, and then the Fool . . . and the resurrection of a primordial war with a forgotten People—a war that not only the Hastings but the whole human race could lose. “Absorbing, thought-provoking, and thoroughly magical. Feist's skillfully crafted prose illuminates many of the darker sides of fairy stories. . . . Try it as a bedtime story . . . but only on nights when you can take some time getting to sleep.”—The West Coast Review of Books "A sublime story woven out of joy, beauty, strength, and shimmer, like a painting by Renoir. Paintings are in this story, and so are New York and Philadelphia, and so are Virginia Woolf and Woodrow Wilson; and the Brahman philosopher of education, and Anzia Yeziarska, an immigrant daughter of the Lower East Side; imagine these two embracing for love, for learning (as they really did)

strands of Whitman's America entangled in scenes from A Midsummer Night's Dream! Norma Rosen is an artist of the educated heart; and of language, light hope, wonder, and honest becoming". -- Cynthia Ozick
