In today's educational climate, advocacy is a critical part of any teacher or leader's job. Advocacy From A to Z unpacks the difficult task of understanding the movers and shakers--including teachers, parents, the union, legislatures, and policy makers--that impact your school, affect your students, and shape policy. Organized into 26 chapters--one for each letter of the alphabet-- this book provides school-based examples and specific strategies needed to be a successful advocate for education. Advocacy begins at the local level, and the newest book in the A to Z series helps educational leaders navigate, plan, and shape their message to the right people at the right time. Now you can find your voice and become an active advocate to help your students succeed. From William C. Morris Award Finalist S.K. Ali comes an unforgettable romance that is part The Sun Is Also a Star mixed with

Anna and the French Kiss, following two Muslim teens who meet during a spring break trip. A marvel: something you find amazing. Even ordinary-amazing. Like potatoes—because they make French fries happen. Like the perfect fries Adam and his mom used to make together. An oddity: whatever gives you pause. Like the fact that there are hateful people in the world. Like Zayneb's teacher, who won't stop reminding the class how "bad" Muslims are. But Zayneb, the only Muslim in class, isn't bad. She's angry. When she gets suspended for confronting her teacher, and he begins investigating her activist friends, Zayneb heads to her aunt's house in Doha, Qatar, for an early start to spring break. Fueled by the guilt of getting her friends in trouble, she resolves to try out a newer, "nicer" version of herself in a place where no one knows her. Then her path crosses with Adam's. Since he got diagnosed with multiple sclerosis in November, Adam's stopped going to classes, intent, instead, on perfecting the making of things. Intent on keeping the memory of his mom alive for his little sister. Adam's also intent on keeping his diagnosis a secret from his grieving father. Alone, Adam and Zayneb are playing roles for others, keeping their real thoughts locked away in their journals. Until a marvel and an oddity occurs... Marvel: Adam and Zayneb meeting. Oddity: Adam and Zayneb meeting. Make storytime a little spookier and help Dink, Josh, and Ruth Rose solve mysteries from A to Z! Dink, Josh, and Ruth Rose want their mummy! It's Mummy Monday at the museum, and the kids get to see a child mummy in an actual tomb. But then someone robs the tomb and steals the mummy. Can the three friends unravel the mystery? Kids love collecting the entire alphabet and super editions! With over 8 million copies in print, the A to Z Mysteries® have been hooking chapter book readers on mysteries and reading for years. A to Z Menagerie is a multisensory alphabet book unlike any other. This unique reading experience features a die-cut letter to trace and a satisfying pull-tab reveal for each letter of the alphabet. Each page is filled with diverse and colorfully illustrated first words to find and identify. • Teaches young readers hand-eye coordination, prediction skills, and rich vocabulary • Interactive experience of pulling tabs helps reinforce your little one's journey to learning the ABCs • Filled with charming and playful illustrations by Suzy Ultman This powerful learning tool not only allows concepts to be touched and experienced, but it also features a wide range of vocabulary words. First words include "challah," "curry," "kabob," "macaroons," "miso soup," "taco," and "udon." • A wonderful gift for parents and grandparents looking for an introduction to the ABCs for their baby, early childhood educators, and anyone who appreciates good design • Functions like a flash card and a guessing game: the central oversize letter is recessed beneath a die-cut, inviting readers to trace its shape before pulling the tab to discover the reveal • Great for fans of the

For nearly 20 years, home crafters have turned to the pages of Martha Stewart Living for all kinds of craft projects, each presented in the magazine's inimitable style. Now, the best of those projects, including step-by-step instructions and full-color photographs, have been collected into a single encyclopedia. Organized by topic from A to Z, Martha Stewart's Encyclopedia of Crafts contains complete instructions and brief histories for more than 30 techniques, detailed descriptions of the necessary tools and materials, and easy-to-copy templates. Martha and her team of crafts editors guide readers through each subject, from botanical pressing and decoupage to rubber stamping and wreaths, with characteristic clarity and unparalleled attention to detail. Crafters of all skill and experience levels will appreciate the many variations presented for each technique. For example, candlemaking presents a comprehensive array of poured, rolled, and cutout candles, including instructions for making your own one-of-a-kind rubber candle molds, floating candles, sand candles, and more. Each craft in the book takes on charming new dimensions with innovations that could come only from the team behind Martha Stewart Living. In addition, each entry in Martha Stewart's Encyclopedia of Crafts is chock-full of tips and advice. Handy glossaries in the entries—such as a comprehensive gem glossary, a glitter glossary, and a color glossary for making tinted wax—are valuable references that crafters will refer to again and again. What's more, the Tools and Materials section outlines the best essential supplies that every crafter needs to have on hand, and the Sources pages clue readers in to the vendors and suppliers that the magazine's crafts editors rely on most. Filled with solid technical know-how, and presented with gorgeous color photographs, this handy guide can be read page by page and kept as a lasting reference by crafters and artisans alike.

"Using irresistible buttons to push and pop, kids will love learning cool facts about an alphabet of amazing dinosaurs!" -- Page [4] cover. A shy hippo makes a big impact in this anniversary edition of a Sandra Boynton classic. A hog and a frog cavort in the bog. But not the hippopotamus. A cat and two rats are trying on hats. But not the hippopotamus. The original But Not the Hippopotamus was an instant favorite

among children and parents. Now this hilarious Boynton book is back in a Special 30th Anniversary Edition, complete with its silly rhymes and humorous, charming illustrations. In this simple, playful board book, a shy hippo watches as other animals engage in social activities. Finally, the other animals invite the hippo along and, after dithering a moment, she leaps into the fun...with hilarious results! The repetitive, enjoyable rhythm, cheerful mood, and well-crafted, simple rhymes will endear this story to toddlers everywhere. This anniversary edition has an enlarged trim size and metallic ink on the cover, making this Boynton classic even more special.

NATIONAL BESTSELLER? A unique, unfiltered memoir from the NBA champion and fifteen-time all-star ahead of his induction into the Hall of Fame. Kevin Garnett was one of the most dominant players the game of basketball has ever seen. He was also one of its most outspoken. Over the course of his illustrious twenty-one-year NBA career, he elevated trash talk to an art form and never shied away from sharing his thoughts on controversial subjects. In *KG A to Z*, published ahead of Garnett's induction into the Basketball Hall of Fame, he looks back on his life and career with the same raw candor. Garnett describes the adversity he faced growing up in South Carolina before ultimately relocating to Chicago, where he became one of the top prospects in the nation. He details his headline-making decision to skip college and become the first player in two decades to enter the draft directly from high school, starting a trend that would be followed by future superstars like Kobe Bryant and LeBron James. He shares stories of playing with and against Bryant, James, Michael Jordan, and other NBA greats, and he chronicles his professional ups and downs, including winning a championship with the Boston Celtics. He also speaks his mind on a range of topics beyond basketball, such as fame, family, racism, spirituality, and music. Garnett's draft decision wasn't the only way he'd forever change the game. His ability to play on the perimeter as a big man foreshadowed the winning strategy now universally adopted by the league. He applies this same innovative spirit here, organizing the contents alphabetically as an encyclopedia. If you thought Kevin Garnett was exciting, inspiring, and unfiltered on the court, just wait until you read what he has to say on these pages.

Help! is the first word a parent yells when dealing with a child custody battle. Author Guy White cuts through and captures the essence of how child custody cases are won and lost. Child Custody A to Z navigates you through the flawed system of justice. Evidence is the most overlooked aspect of a child custody case. This book explains and addresses:

- How to choose an attorney
- How to impeach court experts
- How to gather evidence
- How to expose a personality disorder
- How to investigate your case

Child Custody A to Z is replete with case studies that tell the real story of the controversial game of child custody. There is no substitute for preparation. White reveals judges, attorneys and court experts for their bias and incompetence. The author takes you through the step-by-step formula for winning with evidence.
