A pocket-size, brilliantly colorful, simple-to-use guide to hummingbirds, containing dozens of full-

color photographs that enable readers of all ages to identify the most common species; range maps; tips on attracting hummingbirds, information on habitat needs, life cycle, food preferences; and much more. A pocket-size, brilliantly colorful, simple-to-use guide to dragonflies, containing dozens of full-color photographs that enable readers of all ages to identify the most common species; range maps; tips on attracting dragonflies, information on habitat needs, life cycle, food preferences; and much more. This is a step-by-step guide to creating Etegami, a Japanese postcard art that combines simple hand-painted images with handwritten words on washi postcards. The book is divided into 22 brief chapters that lead the reader through the origins, the materials, the process, and the possibilities of the art of Etegami. It includes links to online suppliers of etegami materials and tools. Please take note of the dimensions and be warned that it is a very SMALL book (60 pages), but it is packed to the gills with content. Beginner's Guide to ZBrush is an essential resource for newcomers to this powerful software, packed with detailed instructions and tutorials. It's 1977 and life in Iran is becoming unpredictable. The Shah will be overthrown and events are about to take place on the world stage. But for five-year-old Shappi Khorsandi all this means is that she must flee, leaving behind a mad extended Iran clan and everything she has ever known. Start doing your own household repairs and simple renovations without the expense of calling in a professional. Full of expert advice, this practical beginner's handbook features easy instructions for all the home DIY basics, from painting and wallpapering to simple plumbing, changing a lock, using power tools, fixing a squeaky board and much more. The beloved creator of "Notes from the Universe" distills a career's worth of inspiration into elegant, brief lessons for making our way through the world--conceived as a guidebook for his young daughter yet relevant to everyone who's living a life on earth. (In other words, everyone.) Mike Dooley returns with what he expects to be his most

impactful book yet: a volume of elegant, brief lessons conceived as a message from a father to his daughter, and equally relevant to everyone who's living a life on earth. (In other words, everyone.) Mike is a beloved teacher and thought leader for seekers around the world, known for his trademark humor, wisdom, and sheer joy in living--all of which he's shared in his 17 books and his free daily e-mails of "Notes from the Universe." His Beginner's Guide to the Universe, inspired by such classics of gem-like wisdom as Life's Little Instruction Book, The Four Agreements, and The Things You Can See Only When You Slow Down, gives voice to his most essential, heartfelt advice about living deliberately and creating consciously. Guiding the reader thoughtfully and joyfully through a range of topics--including family and relationships, power and responsibility, adversity and bouncing back from it, even the nature of heaven, angels, and God--Mike succeeds in making a happy life in this universe seem easily within our reach. With short passages of text placed artfully on each page, and a format that's a pleasure to hold in the hand, this is an ideal gift for a parent, a parent-to-be, a child, a new grad, a dear friend, or anyone who needs a dose of Dooley, whether they know it or not. It's an experience your taste buds never forget: that first bite of wild flavor, fresh from a Dutch oven. And now you can create your own Dutch oven masterpieces---no experience necessary! This essential guide book shares everything you need to know about caring for and cooking with your oven. And the scrumptious recipes will have you dining like a Dutch master in no time! In a time of rapid change in the world economy, this fascinating, concise, and user-friendly primer is the most reliable tool for keeping track of what's happening. What is the new economy? What is globalization? Is the euro the final seal on European Union? How is e-commerce transforming our world beyond economics? What is virtual money, and does it have real value? How do social concerns and societal ills (drugs, poverty, AIDS, endangered natural resources) play a part in the rapidly changing world

economy? What are multinationals, and do they signal the end of nationalism? These and many other pertinent issues are addressed in an enlightening and entertaining handbook for those who want to be economically literate (and who doesn't?). Following the very successful Beginner's Guide to Digital Painting in Photoshop, this latest book explores techniques used in character creation. A companion to "Chords for Kids" and "My First Recorder Music." Suitable for children aged between 8 and 10, it explains the essentials: pitch, the treble clef, the bass clef, rhythm, accidentals, key signatures and time signatures, followed by practice pieces. Features helpful diagrams, clear accessible text and a practical spiral-bound format. 'Mike Lambert's book is a useful source of information, helping to create and shape your research methods project. The book contains detailed chapters with easy to follow guidelines, tips and suggestions ensuring help at every step of the way from start to finish' Alexander Miesen, student, Amsterdam University of Applied Sciences In this basic guide, step-by-step advice is presented in a clear way and chapters take the reader through the entire process, from planning and doing research, to writing it up. Each stage is covered, with detailed help on choosing a topic, drawing up research questions, doing the literature review, choosing and designing research methods, the ethics of doing research, analyzing data, and collating and presenting findings. Features in the text include: - explanations of key research terms - activities (with answers) - progress sheets - case studies Online resources to accompany the book are available at www.methodspace.com/groups/mikelambert This is an ideal text for undergraduate students undertaking their first ever research project, postgraduates pursuing Masters awards and teachers carrying out action research. Learn how to make beautiful quilts with this comprehensive guide to patchwork and quilting for beginners. Covers all aspects of quilting from piecing and applique to quilting and binding. Choose from 16 simple projects, each focusing on a different technique, from

bags and cushions to table mats, wall hangings and bed quilts. Clear illustrations and step-by-step instructions accompany each project, making them all suitable for even a complete novice. The book also includes a quilting glossary explaining common quilting and sewing terms. "A gentle, knowledgeable guide to a fate we all share" (The Washington Post): the first and only all-encompassing action plan for the end of life. "There is nothing wrong with you for dying," hospice physician B.J. Miller and journalist and caregiver Shoshana Berger write in *A Beginner's Guide to the End*. "Our ultimate purpose here isn't so much to help you die as it is to free up as much life as possible until you do." Theirs is a clear-eyed and big-hearted action plan for approaching the end of life, written to help readers feel more in control of an experience that so often seems anything but controllable. Their book offers everything from step-by-step instructions for how to do your paperwork and navigate the healthcare system to answers to questions you might be afraid to ask your doctor, like whether or not sex is still okay when you're sick. Get advice for how to break the news to your employer, whether to share old secrets with your family, how to face friends who might not be as empathetic as you'd hoped, and how to talk to your children about your will. (Don't worry: if anyone gets snippy, it'll likely be their spouses, not them.) There are also lessons for survivors, like how to shut down a loved one's social media accounts, clean out the house, and write a great eulogy. An honest, surprising, and detail-oriented guide to the most universal of all experiences, *A Beginner's Guide to the End* is "a book that every family should have, the equivalent of Dr. Spock but for this other phase of life" (New York Times bestselling author Dr. Abraham Verghese). *The Beginner's Guide to Floristry* is a comp Based on their extensive experience with teaching R and statistics to applied scientists, the authors provide a beginner's guide to R. The text covers how to download and install R, import and manage data, elementary plotting, an introduction to functions,

advanced plotting, and common beginner mistakes.--[book cover] Red Green's wisdom, wit and whimsy on mankind's greatest challenge . . . now in paperback. Red Green is celebrated as one of the handiest men in North America. But as well as being a purveyor of inventive practical advice on, for example, making a jetpack from two propane tanks, a hybrid car from recycled golf carts and satellite dishes, and a kiddie ride from a bar stool attached to the agitator of a washing machine, Red Green is also noted for his insights into that most difficult of assembly jobs, human relationships. His previous bestselling tome, *How to Do Everything*, showed Red dipping his toe into the self-help genre with such items as "How to make dinner more romantic" and "The easy way to raise children." Now Red Green--a veteran husband (of Bernice), father, soul-searcher, philosopher and observer--has devoted an entire book to sharing with other battle-weary and confused males all he has learned about the differences between the sexes. Set out in approximately chronological order, from teen dating to the last words of men ("You know, honey, in the last couple of years, you've really packed on the beef"), this is the testosterone owner's manual to every aspect of finding a mate and then learning to deal with her growing disappointment in you. The man who has already shared such morsels as "If you can't be handsome, be handy," and "Quando omni flunkus moritati," ("When all else fails, play dead") here presents a Ph.D. in life-lessons about the most vexing problem facing mankind today, or any day: women. Have you ever wondered why you are drawn to certain people, ideas, or products and turned off by others? Are you constantly searching for something you can't put your finger on, or wondering whether you are living a life that truly fits? In *Archetypes: Who Are You?*, New York Times best-selling author Caroline Myss delves into the world of archetypes, which have been the subject of her work for more than 25 years. Archetypes are universal patterns of behavior that, once discovered, help you better understand yourself and your

place in the world. In short, knowing your archetypes can transform your life. Within the pages of this book, Myss writes about ten primary feminine archetypes that have emerged in today's society: the Caregiver, the Artist/Creative, the Fashionista, the Intellectual, the Rebel, the Queen/Executive, the Advocate, the Visionary, the Athlete, and the Spiritual Seeker. In each chapter, she explains one individual archetype, showing how it has evolved and then in fascinating detail lays out the unique characteristics, the defining graces, the life challenges, and other information to help you understand if you are part of this archetype family and if so, how you can fully tap into its power. She also offers tips and practical advice on how to fully engage with your archetypes. Learning which archetypes best describe you is just the beginning. You can then use this knowledge to make more conscious decisions about everything from careers to relationships, avoiding common pitfalls of your personality type while playing up your strengths. The result is a happier, more authentic you. It's never too late to change your life by embracing your archetypes to the fullest. So are you a Rebel? An Artist? A Visionary? Join us . . . and find yourself. A financial consultant and author of *A Beginner's Guide to Day Trading Online* provides a comprehensive, timely, and strategic introduction to online brokers and electronic trading, discussing new trading products, assessing funds, explaining how to analyze stocks, and more. Original. 60,000 first printing. This book teaches anyone how to use their new Windows computer. You will learn and understand how you can perform a wide range of tasks, including managing files, browsing the internet, and protecting yourself, as well as interacting with Cortana. Using *Absolute Beginners Guide to Computing* you will learn how to use Windows, and how you can connect and communicate with others. You will learn the basics of browsing the web, how to send email, and sign up for services. You will learn about some of the social media sites such as Facebook and Twitter. You will also learn how to connect and

use external hardware, and process digital music, photos, and video. Written by an author who has written multiple computing titles, this book is friendly and approachable, and can teach anyone how to use a computer. With simple steps, easy troubleshooting, and online resources, it's the best place to learn how to make computing a part of your life. What You'll Learn: how to keep safe and private online, how to use the web, what email is, how to use it, basics of social media sites such as facebook, twitter. What malware, viruses, and Trojans are and how to keep safe from them. How to get pictures onto your computer to share. How to listen to digital music. What clubs, groups, and other resources there are to help. Based on their extensive experience with teaching R and statistics to applied scientists, the authors provide a beginner's guide to R. To avoid the difficulty of teaching R and statistics at the same time, statistical methods are kept to a minimum. The text covers how to download and install R, import and manage data, elementary plotting, an introduction to functions, advanced plotting, and common beginner mistakes. This book contains everything you need to know to get started with R. From amethyst to zincite, black onyx to rose quartz, *The Beginner's Guide to Crystals* is a full-color, photographic guide to more than 60 stunning crystals and their emotional, spiritual, and physical healing benefits. The beauty and allure of these ancient stones are explored in this introductory guide to understanding crystals and their many uses. Harness the healing power of these minerals by using them as a talisman for protection, to manifest intentions, to bring calmness and tranquility, and to enhance concentration and creativity. Complete with clean, modern photographs of each mineral and stone, the crystal profiles contain accessible information on color, chakra, origin, unique magical healing qualities, and uses at work, at home, and in your personal life. With tips for building and maintaining a collection as well as performing crystal rituals for metaphysical healing, *The*

Beginner's Guide to Crystals provides everything you need to experience the wide range of benefits these stones offer. Whether used to treat physical ailments like hypertension, high blood pressure, and circulatory issues, or to soothe emotional issues such as anxiety, fear, and stress, this guide will introduce you to the perfect crystal for bringing wellness and balance to your life. Most books on journalism today are either too complex to comprehend or too superficial. Barun Roy has really done a remarkably good job to fill a long-felt vacuum. This guide introduces basic tools of the applied journalism in simple language..... Transform your life with the principles of alchemy--a beginner's guide Alchemy is an age-old mystical science based around transforming yourself and the world around you for the better through purification of objects into their highest forms. The Beginner's Guide to Alchemy welcomes you to the alchemical world, distilling and demystifying alchemy's concepts on the path to improving your life by embracing the alchemist within! Examine alchemy's historical roots and basic principles, including an overview of its three primary facets: physical, spiritual, and mental. You'll find an easy-to-digest primer on the importance of using earthly elements to refine substances, before diving into the Great Work and alchemy's influence on contemporary scientific and creative fields, like chemistry, psychology, art, and literature. The Beginner's Guide to Alchemy includes: Alchemical images--Explore illustrated sections on notable alchemists, like Nicolas Flamel, Christina of Sweden, and Albert Einstein--as well as clear charts on the Ladder of the Planets and their corresponding elemental associations. Magnum opus--An in-depth, digestible overview delves into the phases of the Great Work: including Nigredo, Albedo, and Rubedo, among others. Alchemy apprentice--Thoughtful experiments and insightful exercises make alchemy relevant and accessible with insightful activities and introspective journaling exercises. Discover the transformative, purifying powers of alchemy and change your life with this beginner's

guide. A pocket-size, brilliantly colorful, simple-to-use guide to bats, containing dozens of full-color photographs that enable readers of all ages to identify the most common species; range maps; tips on attracting and observing creatures in the wild; information on habitat needs, life cycle, food preferences; and much more. "I wish I'd had this book when I needed it. Death and dying are not subjects that many people are comfortable talking about, but it's hugely important to be as prepared as you can be - emotionally, physically, practically, financially, and spiritually. This book may be the most important guide you could have." - Elizabeth Gilbert, author of *Eat Pray Love* _____

The end of a life can often feel like a traumatic, chaotic and inhuman experience. In this reassuring and inspiring book, palliative care physician Dr BJ Miller and writer Shoshana Berger provide a vision for rethinking and navigating this universal process. There are plenty of self-help books for mourners, but nothing in the way of a modern, approachable and above all useful field guide for the living. And all of us - young, old, sick and well - could use the help. After all, pregnant couples have ample resources available to them as they prepare to bring a new life into the world: Lamaze courses, elaborate birth plans, tons of manuals. Why don't we have a *What to Expect When You're Expecting to Die* book? An accessible, beautifully designed and illustrated companion, *A Beginner's Guide to the End* offers a clear-eyed and compassionate survey of the most pressing issues that come up when one is dying, and will bring optimism and practical guidance to empower readers with the knowledge, resources and tools they'll need to die better, maybe even with triumph. Author Brian J. Sorrells shares his time-tested training program for developing shooting skill and provides guidance on all aspects of traditional archery, from choosing arrow shafts to entering your first tournament. A stirring, witty, and poignant glimpse into the bewildering American immigrant experience from someone who has lived it. Hakakian's "love letter to the nation that took her in [is also] a timely

reminder of what millions of human beings endure when they uproot their lives to become Americans by choice" (The Boston Globe). Into the maelstrom of unprecedented contemporary debates about immigrants in the United States, this perfectly timed book gives us a portrait of what the new immigrant experience in America is really like. Written as a "guide" for the newly arrived, and providing "practical information and advice," Roya Hakakian, an immigrant herself, reveals what those who settle here love about the country, what they miss about their homes, the cruelty of some Americans, and the unceasing generosity of others. She captures the texture of life in a new place in all its complexity, laying bare both its beauty and its darkness as she discusses race, sex, love, death, consumerism, and what it is like to be from a country that is in America's crosshairs. Her tenderly perceptive and surprisingly humorous account invites us to see ourselves as we appear to others, making it possible for us to rediscover our many American gifts through the perspective of the outsider. In shattering myths and embracing painful contradictions that are unique to this place, *A Beginner's Guide to America* is Hakakian's candid love letter to America. Want to learn to crochet, but have no idea where to start? Well this book will guide you through the basics and have you completing your first project in just one day! Each new stitch is explained in easy steps with accompanying photographs and diagrams and is followed up with a project showing you how to utilize your new found skills. The 20 modern projects range from a super simple cafetiere cosy to a granny square blanket, plus there is a section dedicated to "extreme crochet", using t-shirt yarn to create larger-than-life crocheted creations. In addition, crochet charts are included for each stitch and pattern with the author explaining, in detail, how to read and follow charts. The author's chatty, informal style will take you on your journey from newbie to fully-fledged crocheter and before you know it you'll be crocheting and making fantastic homemade presents for friends and family.

Crochet blogger, Sarah Shrimpton, who blogs under the name Annaboos House, is a self taught crocheter and former teacher, who started blogging for fun and now has over 7k followers on Instagram.

But, as he is the first to admit, the country remains an enigma even to its long-term residents. In *A Beginner's Guide to Japan*, Iyer draws on his years of experience—his travels, conversations, readings, and reflections—to craft a playful and profound book of surprising, brief, incisive glimpses into Japanese culture. He recounts his adventures and

observations as he travels from a meditation hall to a love hotel, from West Point to Kyoto Station, and from dinner with Meryl Streep to an ill-fated call to the Apple service center in a series of provocations guaranteed to pique the interest and curiosity of those who don't know Japan—and to remind those who do of its myriad fascinations. A step-by-step guide to digital painting in Photoshop that covers the fundamental aspects in an accessible and comprehensive fashion. Being a human is a lot of work! Thankfully, humans experience many of the same feelings, situations, and challenges, so we don't have to figure it all out on our own--we can help each other navigate the ups and downs. Full of humor and heart, this engaging guide inspires kids to be humans who are kind, empathetic, and thoughtful. No matter what our day brings, we can choose to practice self-control, compassion, and forgiveness. Don't worry, young human, it's okay to make some mistakes along the way--just remember that it's love that keeps us all afloat at the end of the day.
