Snatched from her own world and dumped into a new one, Max is soon running for her life. Again. From a 17th century Frost Fair to Ancient Egypt; from Pompeii to 8th century Scandinavia; Max and Leon are pursued up and down the timeline, playing a dangerous game of hide-and-seek, until finally they're forced to take refuge at St Mary's where a new danger awaits them. Max's happily ever after is going to have to wait a while... Readers love Jodi Taylor: 'Once in a while, I discover an author who changes everything... Jodi Taylor and her protagonist Madeleine "Max" Maxwell have seduced me' 'A great mix of British proper-ness and humour with a large dollop of historical fun' 'Addictive. I wish St Mary's was real and I was a part of it' 'Jodi Taylor has an imagination that gets me completely hooked' 'A tour de force' First published in 1926, 'The Sun Also Rises' is Ernest Hemingway's first novel and a classic example of his spare but influential writing style. A poignant look at the disillusionment and angst of the post-World War I generation, the novel introduces two of Hemingway's most unforgettable characters: Jake Barnes and Lady Brett Ashley. Based on Hemingway's experiences, it is the story of a group of American and English expatriates living in Paris who take an excursion to Pamplona, Spain. The novel has forever associated Hemingway with bullfights and the running of the bulls. This powerful work of modern fiction, filled with memorable characters and universal themes, is summarized in this volume, which is enhanced by thought-provoking critical extracts and focused biographical details. The novel helped to establish Hemingway as one of the greatest writers of the twentieth century. In this new epic fantasy, three societal outcasts must work together to fulfill the orders of a dead king's ghost or risk their nation falling to a tyrant The king is dead, his queen is missing. On the amber coast, the usurper king is driving Zavonia to the brink of war. A dangerous magical power is rising up in Biela Miasto, and the only people who can set things right are a failed bodyguard, a Landstrider witch, and the assassin who set off the whole sorry chain of events. Valdas, Captain of the High Guard, has not only failed in his duty to protect the king, but he's been accused of the murder, and he's on the run. He's sworn to seek justice, but his king sets him another task from beyond the grave. Valdas doesn't believe in magic, which is unfortunate as it turns out. Mirza is the healer-witch of a Landstrider band, valued and feared in equal measure for her witchmark, her scolding tongue, and her ability to walk the spirit world. When she's given a task by Valdas' dead king, she believes that the journey she must take is one she can never return from. Lind is the clever assassin. Yes, someone paid him to kill the king, but who is to blame, the weapon or the power behind it? Lind must face his traumatic past if he's to have a future. Can these three discover the real villain, find the queen, and set the rightful king on the throne before the country

is overcome? In this sharp and funny urban fantasy novel, booze is magic, demons are real, and millennial Bailey Chen joins a band of monster-fighting Chicago bartenders instead of finding a "real" post-college job. Bailey Chen is fresh out of college with all the usual new-adult demons: no cash, no job offers, and an awkward relationship with Zane, the old friend she kinda-sorta hooked up with during high school. But when Zane introduces Bailey to his monster-fighting bartender friends, her demons become a lot more literal. It turns out that evil creatures stalk the city streets after hours, and they can be hunted only with the help of magically mixed cocktails: vodka grants super-strength, whiskey offers the power of telekinesis, and rum lets its drinker fire blasts of elemental energy. But will all these powers be enough for Bailey to halt a mysterious rash of gruesome deaths? And what will she do when the safety of a "real world" job beckons? This sharp and funny urban fantasy is perfect for fans of Buffy the Vampire Slayer, Scott Pilgrim Vs. The World, and grown-up readers of Harry Potter. Includes 14 recipes from a book of ancient cocktail lore. A detective sentenced to Hellcity for committing suicide is forced to investigate the cause of the Devil's strange behavior, but soon unearths a scandal that can undermine the Devil's power and start a war between humans and demons. Seven stunning stories of speculative fiction by the author of A Boy and His Dog. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. I Have No Mouth and I Must Scream also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes." Welcome to Dante's Inferno, by way of The Breakfast Club, from the mind of American fiction's most brilliant troublemaker. "Death, like life, is what you make out of it." So says Madison, the whip-tongued 11-year-old narrator of Damned, Chuck Palahniuk's subversive homage to the young adult genre. Madison is abandoned at her Swiss boarding school over Christmas while her parents are off touting their new film projects and adopting more orphans. Over the holidays she dies of a marijuana overdose--and the next thing she knows, she's in Hell. This is the afterlife as only Chuck Palahniuk could imagine it: a twisted inferno inspired by both the most extreme and mundane of human evils, where The English Patient plays on repeat and roaming demons devour sinners limb by limb. However, underneath Madison's sad teenager affect there is still a child struggling to accept not only the events of her dysfunctional life, but also the truth about her death. For Madison, though, a more immediate source of comfort lies in the motley crew of young sinners she meets during her first days in Hell. With the help of Archer, Babette, Leonard, and Patterson, she learns to navigate Hell--and discovers that she'd rather be mortal and deluded and stupid with those she loves than perfect and alone. "Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs--nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book

Unapologetically sexy with the ribald humor of Bridesmaids, this joyously provocative debut introduces a self-assured protagonist you won't soon forget. A high school student with spinal muscular atrophy is determined to reinvent himself in a hilarious and poignant debut from an exciting new voice. When fifteen-year-old Harris moves with his family from California (home of beautiful-but-inaccessible beaches) to New Jersey (home of some much-hyped pizza and bagels), he's determined to be known as more than just the kid in the powered wheelchair. Armed with his favorite getting-to-know-you question ("What's your favorite color?"), he'll weed out the incompatible people-the greens and the purples, people who are too close to his own blue to make for good friends-and surround himself with outgoing yellows, adventurous oranges, and even thrilling reds. But first things first: he needs to find a new nurse, stat, so that his mom doesn't have to keep accompanying him to school. Enter Miranda, a young nursing student who graduated from Harris's new high school. Beautiful, confident, and the perfect blend of orange and red, Miranda sees Harris for who he really is-funny, smart, and totally worthy of the affections of Nory Fischer, the cute girl who's in most of his classes. With Miranda at his side, Harris soon befriends geeky Zander (yellow) and even makes headway with Nory (who stubbornly refuses to reveal her favorite color). But Miranda is fighting her own demons, and Harris starts to wonder if she truly has his best interests at heart. Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the

wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition. The first book in the USA Today bestselling British madcap time-travelling series, served with a dash of wit that seems to be everyone's cup of tea. "History is just one damned thing after another." —Arnold Toynbee Behind the seemingly innocuous facade of St. Mary's Institute of Historical Research, a different kind of academic work is taking place. Just don't call it "time travel"—these historians "investigate major historical events in contemporary time." And they aren't your harmless eccentrics either; a more accurate description, as they ricochet around history, might be unintentional disaster-magnets. The first thing you learn on the job at St. Mary's is that one wrong move and history will fight back—sometimes in particularly nasty ways. But, as new recruit Madeleine Maxwell soon discovers, it's not only history they're often fighting. The *Chronicles of St. Mary's* tells the chaotic adventures of Max and her compatriots—Director Bairstow, Chief Leon Farrell, Mr. Markham, and many more—as they travel through time, saving St. Mary's (too often by the very seat of their pants) and thwarting time-travelling terrorists, all the while leaving plenty of time for tea. From eleventh-century London to World War I, from the Cretaceous Period to the destruction of the Great Library at Alexandria, one thing is for sure: wherever the historians at St. Mary's go, chaos is sure to follow in their wake. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors. A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit. Introducing *The Time Police*, the brand-new series by international bestselling author, Jodi Taylor – an irresistible spinoff from the much-loved *Chronicles of St. Mary's* series. Perfect reading for fans of Doctor Who, Terry Pratchett and Jasper Fforde. 'The best way to describe this book: lots of fun' British Fantasy Society 'Inventive and entertaining... a fast-paced and fun first book in what promises to be an excellent new series' Culturefly A long time ago in the future, the secret of time travel became known to all. Unsurprisingly, the world nearly ended. There will always be idiots who want to change history. Enter the Time Police. An all-powerful, international organisation tasked with keeping the timeline straight. At all costs. Their success is legendary. The Time Wars are over. But now they must fight to save a very different future – their own. This is the story of Jane, Luke and Matthew – the worst recruits in Time Police history. Or, very possibly, three young people who might change everything. *DOING TIME* is a five-star read!: 'I blooming well loved this book. Read start to finish in only a couple of sittings' \*\*\*\*\* 'Excellent start to this St. Mary's *Chronicles* spinoff series. There is Taylor's trademark humour,

along with moments of real lump-in-the-throat poignancy' \*\*\*\*\* 'Clever, witty, humorous, touching, emotional, just about everything anyone could want. Can't wait for the next one' \*\*\*\*\* 'Another superb book from the pen of Jodi Taylor' \*\*\*\*\* 'This book does not disappoint' \*\*\*\*\* In these wildly imaginative, devilishly daring tales of the macabre, internationally bestselling author Mariana Enriquez brings contemporary Argentina to vibrant life as a place where shocking inequality, violence, and corruption are the law of the land, while military dictatorship and legions of desaparecidos loom large in the collective memory. In these stories, reminiscent of Shirley Jackson and Julio Cortázar, three young friends distract themselves with drugs and pain in the midst a government-enforced blackout; a girl with nothing to lose steps into an abandoned house and never comes back out; to protest a viral form of domestic violence, a group of women set themselves on fire. But alongside the black magic and disturbing disappearances, these stories are fueled by compassion for the frightened and the lost, ultimately bringing these characters—mothers and daughters, husbands and wives—into a surprisingly familiar reality. Written in hypnotic prose that gives grace to the grotesque, *Things We Lost in the Fire* is a powerful exploration of what happens when our darkest desires are left to roam unchecked, and signals the arrival of an astonishing and necessary voice in contemporary fiction. Told in alternating timelines, *THE THINGS WE LEAVE UNFINISHED* examines the risks we take for love, the scars too deep to heal, and the endings we can't bring ourselves to see coming. Twenty-eight-year-old Georgia Stanton has to start over after she gave up almost everything in a brutal divorce—the New York house, the friends, and her pride. Now back home at her late great-grandmother's estate in Colorado, she finds herself face-to-face with Noah Harrison, the bestselling author of a million books where the cover is always people nearly kissing. He's just as arrogant in person as in interviews, and she'll be damned if the good-looking writer of love stories thinks he's the one to finish her grandmother's final novel...even if the publisher swears he's the perfect fit. Noah is at the pinnacle of his career. With book and movie deals galore, there isn't much the "golden boy" of modern fiction hasn't accomplished. But he can't walk away from what might be the best book of the century—the one his idol, Scarlett Stanton, left unfinished. Coming up with a fitting ending for the legendary author is one thing, but dealing with her beautiful, stubborn, cynical great-granddaughter, Georgia, is quite another. But as they read Scarlett's words in both the manuscript and her box of letters, they start to realize why Scarlett never finished the book—it's based on her real-life romance with a World War II pilot, and the ending isn't a happy one. Georgia knows all too well that love never works out, and while the chemistry and connection between her and Noah is undeniable, she's as determined as ever to learn from her great-grandmother's mistakes—even if it means destroying Noah's career.

HERE AT LAST from Charles Soule (*Star Wars*) and Ryan Browne (*God Hates Astronauts*): *CURSE WORDS - THE HOLE DAMNED THING*, a massive omnibus collection of the magical, hilarious, oddly moving story of an evil wizard named Wizord, his talking koala sidekick Margaret, and their journey to be good (or at least slightly less bad) in this dark, unforgiving world of ours. The definitive collection of the series Joe Hill (*Locke & Key*) calls a terrific, terrific comic. A Chronicle of St Mary's short story that is sure to entertain. If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. Ever wondered how it all began? It's two years since the final victory at the Battersea Barricades. The fighting might be finished, but for Dr Bairstow, just now setting up St Mary's, the struggle is only beginning. How will he assemble his team? From where will his funding come? How can he overcome the massed ranks of the Society for the Protection of Historical Buildings? How do stolen furniture, a practical
