City of Lies Sep 17 2021 Lying in Tehran is about survival. Welcome to Tehran, a city where survival depends on a network of subterfuge. Here is a place where mullahs visit prostitutes, drug kingpins run crystal meth kitchens, surgeons restore girls' virginity and homemade porn is sold in the sprawling bazaars; a place where ordinary people are forced to lead extraordinary lives. Based on extensive interviews, CITY OF LIES chronicles the lives of eight men and women drawn from across the spectrum of Iranian society and reveals what it is to live, love and survive in one of the world's most repressive regimes.

Twisted Dec 21 2021 Falling in love is easy. Staying in love is hard. In this heart-pounding follow-up to Tangled by New York Times bestseller Emma Chase, Kate reveals that there is trouble in paradise, when unexpected circumstances force her and Drew to "renegotiate" their relationship. There are two kinds of people in the world. The ones who look first, and the ones who leap. I've always been more of a looker. Cautious. A planner. That changed after I met Drew Evans. He was so persistent. So sure of himself—and of me. But not all love stories end happily ever after. Did you think Drew and I were going to ride off into the sunset? Join the club. Now I have to make a choice; the most important of my life. Drew already made his—in fact, he tried to decide for the both of us. But you know that's just not my style. So I came back to Greenville, Ohio, alone. Well, sort of alone... What I've come to realize is that old habits die hard, and sometimes you have to go back to where you began before you can move ahead.

Devolution Mar 12 2021 NEW YORK TIMES BESTSELLER • The #1 New York Times bestselling author of World War Z is back with “the Bigfoot thriller you didn't know you needed in your life, and one of the greatest horror novels I've ever read” (Blake Crouch, author of Dark Matter and Recursion). FINALIST FOR THE LOCUS AWARD As the ash and chaos from Mount Rainier's eruption swirled and finally settled, the story of the Greenloop massacre has passed unnoticed, unexamined . . . until now. The journals of resident Kate Holland, recovered from the town's bloody wreckage, capture a tale too harrowing—and too earth-shattering in its implications—to be forgotten. In these pages, Max Brooks brings Kate's extraordinary account to light for the first time, faithfully reproducing her words alongside his own extensive investigations into the massacre and the legendary beasts behind it. Kate's is a tale of unexpected strength and resilience, of humanity's defiance in the face of a terrible predator's gaze, and, inevitably, of savagery and death. Yet it is also far more than that. Because if what Kate Holland saw in those days is real, then we must accept the impossible. We must accept that the creature known as Bigfoot walks among us—and that it is a beast of terrible strength and ferocity. Part survival narrative, part bloody horror tale, part scientific journey into the boundaries between truth and fiction, this is a Bigfoot story as only Max Brooks could chronicle it—and like none you've ever read before. Praise for Devolution “Delightful . . . [A] tale of supernatural mayhem that fans of King and Crichton alike will enjoy.”—Kirkus Reviews (starred review) “The story is told in such a compelling manner that horror fans will want to believe and, perhaps, take the warning to heart.”—Booklist (starred review)

It's What I Do Jun 02 2020 “An unflinching memoir . . . [that] offers insight into international events and the challenges faced by the journalists who capture them.” —The Washington Post War photographer Lynsey Addario's memoir is the story of how the relentless pursuit of truth, in virtually every major theater of war in the twenty-first century, has shaped her life. What she does, with clarity, beauty, and candor, is to document, often in their most extreme moments, the complex lives of others. It's her work, but it's much more than that: it's her singular calling. Lynsey Addario was just finding her way as a young photographer when September 11 changed the world. One of the few photojournalists with experience in Afghanistan, she gets the call to return and cover the American invasion. She decides to set out across the world, face the chaos of crisis, and make a name for herself. Addario finds a way to travel with a purpose. She photographs the Afghan people before and after the Taliban reign, the civilian casualties and misunderstood insurgents of the Iraq War, as well as the burned villages and countless dead in Darfur. She exposes a culture of violence against women in the Congo and tells the riveting story of her headline-making kidnapping by pro-Qaddafi forces in the Libyan civil war. As a woman photojournalist determined to be taken as seriously as her male peers, Addario fights her way into a boys' club of a profession. Rather than choose between her personal life and her career, Addario learns to strike a necessary balance. In the man who will become her husband, she finds at last a real love to complement her work, not take away from it, and as a new mother, she gains an all the more intensely personal understanding of the fragility of life. Watching uprisings unfold and people fight to the death for their freedom, Addario understands she is documenting not only news but also the fate of societies. It's What I Do is more than just a snapshot of life on the front lines; it is witness to the human cost of war.

Making Sense of Men's Magazines Oct 26 2019 The last decade has witnessed the phenomenal growth of the men's magazine market, raising important questions of a more general kind. What is the significance of the rise of men's lifestyle magazines for gender politics? Are we witnessing a backlash against feminism or are they merely harmless fun? Why did 'new man' give way to the 'new lad'? What political issues do these questions raise within the context of the information society? Making Sense of Men's Magazines is an original study which enables us to understand the appeal of men's magazines, the ways in which they are constructed and understood, and many of the complex questions they raise for both men and women. Through interviews with editors and key production staff, an analysis of the content of men's magazines and focus group interviews, this work seeks to 'make sense' of this cultural phenomenon. The authors give particular attention to the gendered and commercial character of men's magazines, and the implications they have for the way we understand capitalism, masculinity and consumption in the modern world. This book makes a major contribution to understanding the role of magazines in contemporary culture and will be essential reading for students of sociology, media and cultural studies and gender studies.

Knowing Audiences Apr 24 2022 “Such research is invaluable to academics, the industry and policy workers, and their findings are too important to ignore.” -Annette Hill in Framework: The Journal of Cinema and Media Exploring the influence “action” films have on audiences, this book considers how people relate to and are influenced by such films as Judge Dredd. While a considerable amount of audience research has been done within the media studies tradition, the scope of the research has not previously been limited to the audiences of these types of film. This study delves specifically into audiences of this specific genre of film, which has been a mainstay of Hollywood since the mid-1970s.

Excellent Daughters Sep 25 2019 For more than a decade, Katherine Zoepf has lived in or traveled throughout the Arab world, reporting on the lives of women, whose role in the region has never been more in flux. Only a generation ago, female adolescence as we know it in the West did not exist in the Middle East. There were only children and married women. Today, young Arab women outnumber men in universities, and a few are beginning to face down religious and social tradition in order to live independently, to delay marriage, and to pursue professional goals. Hundreds of thousands of devout girls and women are attending Qur'anic schools—and using the training to argue for greater rights and freedoms from an Islamic perspective. And, in 2011, young women helped to lead antigovernment protests in the Arab Spring. But their voices have not been heard. Their stories have not been told. In Syria, before its civil war, she documents a complex society in the midst of soul searching about its place in the world and about the role of women. In Lebanon, she documents a country that on the surface is freer than other Arab nations but whose women must balance extreme standards of self-presentation with Islamic codes of virtue. In Abu Dhabi, Zoepf reports on a generation of Arab women who've found freedom in work outside the home. In Saudi Arabia she chronicles driving protests and women entering the retail industry for the first time. In the aftermath of Tahrir Square, she examines the crucial role of women in Egypt's popular uprising. Deeply informed, heartfelt, and urgent, *Excellent Daughters* brings us a new understanding of the changing Arab societies—from 9/11 to Tahrir Square to the rise of ISIS—and gives voice to the remarkable women at the forefront of this change.

Good Enough Mar 31 2020 NEW YORK TIMES BESTSELLER • A compassionate, intelligent, and wry series of Christian daily reflections on learning to live with imperfection in a culture of self-help that promotes endless progress, from the author of *Everything Happens for a Reason* and the executive producer of the *Everything Happens* podcast "Brilliant, hilarious, absurd, honest, hopeful, true-hearted, and good to the core."—Sarah Bessey, editor of *A Rhythm of Prayer* and author of *Jesus Feminist* In Kate Bowler's bestselling memoir *Everything Happens for a Reason*, readers witnessed the ways she, as a divinity-school professor and young mother, reckoned with a Stage IV cancer diagnosis; in her follow-up memoir, *No Cure for Being Human*, she unflinchingly and winsomely unpacked the ways that life becomes both hard and beautiful when we abandon certainty and the illusion of control in our lives. Now, in their first-ever devotional book, Kate Bowler and co-author Jessica Richie offer 40ish short spiritual reflections on how we can make sense of life not as a pursuit of endless progress but as a chronic condition. This book is a companion for when you want to stop feeling guilty that you're not living your best life now. Written gently and with humor, *Good Enough* is permission for all those who need to hear that there are some things you can fix—and some things you can't. And it's okay that life isn't always better. In these gorgeously written reflections, Bowler and Richie offer fresh imagination for how truth, beauty, and meaning can be discovered amid the chaos of life. Their words celebrate kindness, honesty, and interdependence in a culture that rewards ruthless individualism and blind optimism. Ultimately, in these pages we can rest in the encouragement to strive for what is possible today—while recognizing that though we are finite, the life in front of us can be beautiful.

Shakespeare in Kabul Aug 24 2019 In 2005, a group of actors in Kabul performed Shakespeare's *Love's Labour's Lost* to the cheers of Afghan audiences and the raves of foreign journalists. For the first time in years, men and women had appeared onstage together. The future held no limits, the actors believed. In this fast-moving, fondly told and frequently very funny account, Qais Akbar Omar and Stephen Landrigan capture the triumphs and foibles of the actors as they extend their Afghan passion for poetry to Shakespeare's. Both authors were part of the production. Qais, a journalist, served as Assistant Director and interpreter for Paris actress, Corinne Jaber, who had come to Afghanistan on holiday and returned to direct the play. Stephen, himself a playwright, assembled a team of Afghan translators to fashion a script in Dari as poetic as Shakespeare's. This chronicle of optimism plays out against the heartbreak of knowing that things in Afghanistan have not turned out the way the actors expected.

Kept Animals Sep 05 2020 "Kept Animals is a darkly beautiful book, tender yet powerful, an exquisite exploration of hurt and desire, the why of wanting, taking, and giving. And Kate Milliken knows her stuff when it comes to horses." —Jeannette Walls, author of *The Glass Castle* and *Half Broke Horses* "In this rugged and ravishing debut, a tragic car accident upends the lives of multiple Southern California families—particularly three teenage girls, whose lives and desires intersect in ways none of them could have imagined." —O, *The Oprah Magazine* A bold, riveting debut novel of desire, betrayal, and loss, centering on three teenage girls, a horse ranch, and the accident that changes everything. It's 1993, and Rory Ramos works as a ranch hand at the stable her stepfather manages in Topanga Canyon, California, a dry, dusty place reliant on horses and hierarchies. There she rides for the rich clientele, including twins June and Wade Fisk. While Rory draws the interest of out-and-proud June, she's more intrigued by Vivian Price, the beautiful girl with the movie-star father who lives down the hill. Rory keeps largely separate from the likes of the Prices—but, perched on her bedroom windowsill, Rory steals glimpses of Vivian swimming in her pool nearly every night. After Rory's stepfather is involved in a tragic car accident, the lives of Rory, June, and Vivian become inextricably bound together. Rory discovers photography, begins riding more competitively, and grows closer to gorgeous, mercurial Vivian, but despite her newfound sense of self, disaster lurks all around her: in the parched landscape, in her unruly desires, in her stepfather's wrecked body and guilty conscience. One night, as the relationships among these teenagers come to a head, a forest fire tears through the canyon, and Rory's life is changed forever. *Kept Animals* is narrated by Rory's daughter, Charlie, in 2015, more than twenty years after that fateful fire. Realizing that the key to her own existence lies in the secret of what really happened that unseasonably warm fall, Charlie is finally ready to ask questions about her mother's past. But with Rory away on assignment, Charlie knows she must unravel the truth for herself.

And each of their ages-old encounters with Jesus contains a gift for all of us today.
