Jewish The Root and Branches

Why does Hebrew matter? In
answering this question,
Hebrew Roots, Jewish Routes
addresses the many ways
engagement with Hebrew
enriches
Jewishness"€"culturally,
religiously, ethnically. Whether

you know Hebrew or not,
linguist and cultural
anthropologist Jeremy Benstein
takes us on a journey into the
deeper significance of Hebrew
in the life of Jews and Judaism.
Since fluency is a distant goal
for so many, Benstein shows us
another approach: engaging
with Hebrew by focusing on the
three-letter Hebrew roots that
are the building blocks of the
language, seeing these
"nuggets of knowledge" as a
vehicle to enriching our
connection to Judaism and its
values. For instance, tzedakah,
usually translated as "charity,"
actually relates to notions of
justice (tzedek) and
responsibility, not acts of
generosity, thus encapsulating

an entire economic world view.
With many examples
throughout the book, and in
nineteen innovative
"Wordshops," Benstein shows
us both why and how to
connect to Hebrew, this
underappreciated treasure of
ours. Hebrew is both ancient
and renewing, holy and daily,
tribal and global. So more than
just a book about a language,
this is a book about the Jewish
people and the challenges we
face as seen through our
shared language, Hebrew. As
Professor Gil Troy said, "Highly
recommended for all, but
especially for teachers ready to
launch a grassroots revolution
bringing Jews back to their
language and culture." A lively

look at southern Jewish history and culture. This is a simple, readable presentation of the principal beliefs, traditions, and rites of Judaism that includes an account of Judaism's influence on Christianity. How does Jesus fulfill over three hundred Old Testament Prophecies? (each listed inside this book) Is Catholicism inherently Anti-Semitic? Do the Hebrew Scriptures accurately predict Jesus of Nazareth as the Messiah? How does Jewish thinking presuppose devotion to Mary? Is the Catholic Church a fulfillment of historic Israel? How do Jewish water rituals relate to Catholic baptism? Is the Holy Sacrifice

of the Mass a Passover meal? Should the Catholic priesthood conform to the priesthood established by Moses? How has the Jewish Temple influenced traditional Christian architecture? Does the Pope wear a yarmulke? Praise for *The Crucified Rabbi* "Taylor Marshall helps us to be more Catholic by taking our faith to its most profound depths - its ancient roots in the religion of Israel, the Judaism beloved by the Apostles, the religion of the Temple and Synagogue, the Torah and the sacrifice. Jesus said he came not to abolish that faith but to fulfill it. In this book, we see that fullness down to the smallest details. I treasure this book." Mike

Aquilina, author of *The Fathers of the Church* "Such sparkling insights appear on almost every page, as Taylor Marshall deftly compares various features of Judaism to their Catholic counterparts: the priesthood, vestments, holy days, marriage, and saints, to name but a few. Saint Augustine's dictum, "The New Covenant is in the Old, concealed; the Old Covenant is in the New, revealed" is on full display in *The Crucified Rabbi* - Cale Clarke, *Catholic Insight Magazine* "This is a fascinating book full of interesting details. *The Crucified Rabbi* should be required reading for every student of the Catholic faith." Father Dwight Longenecker, author of *Mary: A*

Catholic/Evangelical Debate
Written by a Messianic Jew who received barmitzvah-training in an Orthodox synagogue, Jewish Roots is a totally unique exploration of the Hebraic roots of the Christian faith. This volume provides the reader with concepts and terminology that will fully illuminate the instructions of Yeshua (Jesus) and the Sheliachim (Apostles). Now the precious drashot (teachings) of Messiah can be understood by modern Christians as they were meant to be understood by Jewish believers two thousand years ago. Large Print Edition. To understand who we are as Christians is to understand our

beginning. Did Jesus intend to have His "church" separated from the Jewish community? Did the Apostle Paul emphasize a truncation of the Jewish cradle for this new community of unique people? What does the New Testament teach about Jesus, His followers, and the new sect He founded? Did the Church replace Israel? Do Gentile Christians need to worship in a Jewish form? Who was this man called Jesus, and what were the influences in his life? The church in the twenty-first century would do itself a disservice not to acknowledge its Jewish beginnings, or to ignore the man Jesus and the cultural mores that shaped his teaching. Roots and Branches

is a comprehensive sourcebook focusing on the primary theological issues that concern Christians and Jews. Encyclopedic in scope, this resource text will help students of the Bible understand the innate connection between Judaism and Christianity. It is designed specifically for use in academic, church, and synagogue courses or adult education programs. The reader will learn: The difference between Hebraic and Western thinking; how Judaism understands the remission of sin; the ancient sacrificial system and its relevance today; the Jewish understanding of suffering and vicarious atonement; the

difference between the historical Jesus and the theological Jesus; how the story of Jesus is related to the story of Isaac in the Torah; how the miracles of Jesus parallel the miracles of Elijah and Elisha; how Jesus' teaching methods are firmly rooted in the Rabbinic tradition; the Biblical concepts of messiah and salvation; how Judaism understands faith, works, and grace; how Jesus' teachings and the spiritual practices of Jesus are firmly rooted in the Jewish tradition; the theological parallels and differences between Judaism and Christianity; the roots of Replacement Theology and Anti-Semitism; the fulfillment

of prophesy and the final redemption from a Jewish perspective.--Publisher description. The untold story of the founding father's likely Jewish birth and upbringing—and its revolutionary consequences for understanding him and the nation he fought to create In *The Jewish World of Alexander Hamilton*, Andrew Porwancher debunks a string of myths about the origins of this founding father to arrive at a startling conclusion: Hamilton, in all likelihood, was born and raised Jewish. For more than two centuries, his youth in the Caribbean has remained shrouded in mystery. Hamilton himself wanted it that way, and

most biographers have simply assumed he had a Christian boyhood. With a detective's persistence and a historian's rigor, Porwancher upends that assumption and revolutionizes our understanding of an American icon. This radical reassessment of Hamilton's religious upbringing gives us a fresh perspective on both his adult years and the country he helped forge. Although he didn't identify as a Jew in America, Hamilton cultivated a relationship with the Jewish community that made him unique among the founders. As a lawyer, he advocated for Jewish citizens in court. As a financial visionary, he invigorated sectors of the

economy that gave Jews their greatest opportunities. As an alumnus of Columbia, he made his alma mater more welcoming to Jewish people. And his efforts are all the more striking given the pernicious antisemitism of the era. In a new nation torn between democratic promises and discriminatory practices, Hamilton fought for a republic in which Jew and Gentile would stand as equals. By setting Hamilton in the context of his Jewish world for the first time, this fascinating book challenges us to rethink the life and legend of America's most enigmatic founder. Is your best friend Jewish? He is if you are a Christian. For many followers

of Jesus Christ, who was born in the lineage of King David and other prominent Jews, the connection between Judaism (the Jewish faith) and Christianity never occurs to them. Often, Christians see the two faiths as being separate and almost unrelated. The Day of Discovery program Jewish Roots: the Heritage of the Christian Faith, was designed to help Christians see that this is just not true. In fact, the two faiths have some surprising and fascinating things in common. To help explain those commonalities, Mart De Haan traveled to Jerusalem to visit some key first-century locations and discuss with three Hebrew Christians the

Jewish roots of Christianity. As you and your friends view this video and discuss the Bible teaching included, you will begin to realize how closely associated Christian faith and practice are to Jewish faith and practice. You will gain a new appreciation for first-century Jews who accepted Jesus as Messiah. You'll never look at Judaism-or even some modern-day Christian practices-the same way again after you've heard Mart De Haan and his friends discuss Jewish Roots: the Heritage of the Christian Faith. Book jacket. Although the roots of Christianity run deep into Hebrew soil, many Christians remain regrettably uninformed about the rich

Jewish heritage of the church. Our Father Abraham delineates the vital link between Judaism and Christianity, exemplified by the common ancestry of the two faiths traceable back to Abraham. Marvin Wilson calls Christians to reexamine their Semitic heritage to regain a more authentically biblical understanding of what they believe and practice. Wilson, a trusted voice among both Jews and Christians, speaks to both past and present, first developing a historical perspective on the Jewish origins of the church and then discussing how the church can become more attuned to the Hebraic mindset of Scripture. Drawing from his own

extensive experience, he also offers valuable practical guidance for salutary interaction between Christians and Jews. Discussion questions at the end of each chapter make this book especially suitable for use in groups-- Christian, Jewish, or interfaith-- as readers strive to make sense of their own faith in connection with the other. The second edition of Our Father Abraham features a new preface, an expanded bibliography of recent relevant works, and two new chapters: one that discusses Jewish-Christian relations after the Holocaust and another that reflects on Wilson's own fifty-plus-year career as an evangelical

Christian deeply committed to interfaith dialogue. As Christians and Jews feel a growing need for mutual support in an increasingly secular Western world, Wilson's widely acclaimed book will offer encouragement and wise guidance toward this worthy end. Is it even possible to say anything new about Jesus of Nazareth? Disciples and detractors alike have been weighing in for two thousand years. Scholarship in the last fifty years has been greatly enhanced by the recognition of the Jewishness of both the historical Jesus and the life and teachings of the apostle Paul. But the Gospels themselves, the texts that preserve the

words and deeds of Jesus, have not been subject to the same level of consideration in this regard. Until now. This book surveys the historical, theological, and practical issues that arise when the Gospels are read as Jewish literature. So yes, there is something new here about Jesus. The Jewish context of Jesus and his movement is better understood today thanks to archaeology, the ongoing publication of ancient texts, and changes in the way scholars think about Jewish society in late antiquity. A Handbook on the Jewish Roots of the Gospels, whose contributors are well-known in the field, updates all of the

relevant topics relating to Jesus and the Gospels in light of these exciting new developments. A companion to A Handbook on the Jewish Roots of the Christian Faith (ISBN 9781683071648), the book is split into five sections: Textual Roots Intertextual Roots Narrative Roots Theological Roots Intercultural Roots Written by an international group of Jewish and Gentile followers of Jesus as Messiah, A Handbook on the Jewish Roots of the Gospels is for all who want to learn more about these four biblical accounts and how they portray the man from Nazareth within his own historic and cultural setting. Contributors include

Daniel M. Gurtner, Darrell Bock, Craig A. Evans, Sheila Gyllenberg, Craig L. Blomberg, Eckhard J. Schnabel, Catherine Sider Hamilton, David Mishkin, Mark L. Strauss, Michael L. Brown, and more. For Christians, the Old Testament is mysterious and often unexplored. This book offers a broad, yet basic, study of Judaism for Christians who are curious about the origins of their faith. The entire Bible and every one of its authors were Jewish. Jesus was a Jewish teacher and his apostles were Jewish. Jesus spoke primarily to a Jewish audience. This study will seek to answer questions like: - Who is a Jew? - Do all Jews share the same beliefs? -

Why don't Jews believe that Jesus was the Messiah? - When did Jews become Christians? Christians, Muslims and Jews all look to Abraham as their father. Both Christians and Jews look to Abraham, Isaac, and Jacob as our forefathers. Sarah, Rebecca, Rachel, and Leah are our Matriarchs. These are our common ancestors. God chose a people through who a Messiah could come. No other Jew in history has rivaled Jesus in the magnitude of his influence. The words and deeds of Jesus the Jew have been and are an inspiration to countless millions of men and women. This study will explore how Jews pray. Readers will also explore how some of the Jewish

prayer rituals are in practice in Christian churches everywhere. Communion has its roots in the Jewish blessings over wine and bread. At the last supper, Jesus the Jew took two of the most common prayers to instruct his disciples to remember him. The Christian Call to Confession has its roots in Yom Kippur, the Jewish High Holy Day of Atonement. You can see baptism in the Jewish mikveh, the ritual bath. As you might guess Jews and Christians look at the meaning of the Messiah differently. There is much Messianic prophecy in Jewish scripture. This reader will guide Christians in their understanding that Jews look at the Messiah as more a question

of what not who. In Jewish Holy Days and Festivals, readers will explore Shabbat, the Sabbath Day. It has been said, "More than the Jews have kept the Sabbath, the Sabbath has kept the Jews." The Sabbath is on A Handbook on the Jewish Roots of the Christian Faith is a comprehensive handbook that serves as an introduction to the Jewish roots of the Christian Faith. It includes Old Testament background, Second Temple Judaism, the life of Jesus, the New Testament, and the early Jewish followers of Jesus. It is intended as a resource for college and/or higher education. It is no longer a novelty to say that Jesus was a Jew. In fact, the

term Jewish roots has become something of a buzzword in books, articles, and especially on the internet. But what does the Jewishness of Jesus actually mean, and why is it important? This collection of articles aims to address those questions and serve as a comprehensive yet concise primer on the Jewish roots of the Christian faith. It consists of thirteen chapters, most of which are divided into four or five articles. It is in a handbook format, meaning that each article is brief but informative. The thirteen chapters are grouped into four major sections: (1) The Soil, (2) The Roots, (3) The Trunk, and (4) The Branches. Craig A. Evans, PhD, DHabil, is the John

Bisagno Distinguished Professor of Christian Origins at Houston Baptist University in Texas. He is a frequent contributor to scholarly journals and the author or editor of over seventy books. Evans resides in Houston, TX. David Mishkin, PhD, serves on the faculty of Israel College of the Bible in Netanya, Israel. He is the author of *The Wisdom of Alfred Edersheim and Jewish Scholarship on the Resurrection of Jesus*. Mishkin resides in Fort Wayne, Indiana. "God Logic" is a collection of various works by Mr. Huddleston concerning Christianity and the Jewish Roots of the faith. In his typical no-nonsense approach to

Christian faith and practice, Jeff respectfully exposes many of the fallacies of the "modern" Church and the Hebrew Roots movement, and sounds the alarm concerning many of the false doctrines that have plagued the Church since its inception. In its opening chapters, *God Logic* takes the reader through the fundamentals of the Christian faith, then moves into chapters concerning various heresies. *God Logic* finishes strong with several chapters exploring the errors of the Hebrew Roots movement, while making a case for the validity of Jewish Roots study concerning the faith, and presents in-depth teaching concerning the Feasts of the

Lord and orthodox Jewish doctrine. God Logic is a great “keep for reference” addition to any library. Who did Jesus of Nazareth claim to be? What was his relationship with early Judaism? When and how did he expect the kingdom to come? What were his intentions? Though these key questions have been addressed in studies of the historical Jesus, Brant Pitre argues that they cannot be fully answered apart from a careful historical analysis of the Last Supper accounts. In this book Pitre offers a rigorous, up-to-date study of the historical Jesus and the Last Supper, filling a significant gap in current Jesus research. Situating the Last

Supper in the triple contexts of ancient Judaism, the life of Jesus, and early Christianity, Pitre brings to light crucial insights into major issues driving the quest for Jesus. His Jesus and the Last Supper is sure to ignite discussion and debate. Jesus or Yeshua: Exploring the Jewish Roots of Christianity It has taken 2000 years for the Jewish roots of Christianity to be yanked out of its Hebraic origins. The Jewish or Gentile follower of Jesus who reads Jesus or Yeshua: Exploring the Jewish Roots of Christianity will discover that much of the everyday Christian terminology is strongly connected to the original Jewish background of the

establishment of Christianity. For the inquisitive seeker Lapides fills in many blanks to help gain a deeper understanding of the messianic faith. Lapides takes into account typical Christian lingo can confuse both Jewish and Gentile newcomers to Christianity. His goal in compiling this brief 32 page guide is to help Gentile believers recognize certain "Christian" terms that have been historical stumbling blocks to Jewish seekers. In addition, Lapides aims to help Jewish people gain an appreciation for the deeper meaning of various Christian expressions. In her quest to discover the true nature of the

question, “Who is a Jew?” author Paula Clayman emphatically unravels many exciting historical facets while tracing biblical lineages and exposing their valuable contributions. *My Sons Are Jewish* takes you on a journey through the Old Testament and beyond, following the story of the Jews as they carried forth the blessing of Abraham to all the people of the world. Through revisiting the ancient text of the Bible and tracing the steps of the Jews, an unbroken cord is exposed; a cord that conveyed much more than their ancient traditions and heritage. The cord brought forth the religion given to humankind, which

foreshadowed all that was to be, and a promise of inheritance to all who choose to receive—including Jews who return to their roots. You will better understand Jewish history and how Christianity, rather than being a “new” religion, is a continuation of the religion of the Jews as given by God. As a result, Christians will better understand their own religious heritage and their Jewish spiritual roots—while the Jewish reader will see how Christianity arose from Judaism in its pure form. How Jewish is Christianity? The question of how Jesus' followers relate to Judaism has been a matter of debate since Jesus first sparred

with the Pharisees. The controversy has not abated, taking many forms over the centuries. In the decades following the Holocaust, scholars and theologians reconsidered the Jewish origins and character of Christianity, finding points of continuity. *Understanding the Jewish Roots of Christianity* advances this discussion by freshly reassessing the issues. Did Jesus intend to form a new religion? Did Paul abrogate the Jewish law? Does the New Testament condemn Judaism? How and when did Christianity split from Judaism? How should Jewish believers in Jesus relate to a largely gentile church? What meaning do the Jewish

origins of Christianity have for theology and practice today? In this volume, a variety of leading scholars and theologians explore the relationship of Judaism and Christianity through biblical, historical, theological, and ecclesiological angles. This cutting-edge scholarship will enrich readers' understanding of this centuries-old debate. Many Christians do not understand how much of our Christian Faith is tied to the Hebrew/Israelite culture and because of this misunderstanding most Christians never get the true meaning of biblical facts that are in the bible, for they must be understood in light of the

Israelite/Jewish culture, and in this book you will get an eye opening experience of many biblical facts that will challenge what you have been taught, one thing you must keep in mind is that Yahshua was Jewish, the disciples were Jewish and the early Christian's Believers were all Jewish, and it is from this point that when you read this book your understanding of the bible will never be the same. Are your roots firmly grounded in Scripture? The destiny of Israel and the Christian Church is bound together, evident in the Scriptures. Learning this truth is essential for survival. Jewish Roots—A Foundation of Biblical Theology is an introduction to

biblical theology from a Jewish contextual point of view plus practical evaluation and council for the Messianic Jewish communities and the Christian Church. Jewish Roots presents the fundamentals regarding biblical theology, Israel and the Church, the Jewish people, the Messianic Jewish community, and much more. Important matters are discussed such as the relationship of law and grace, the role of the Spirit, and an approach to Judaism. This new edition considers recent biblical scholarship and evaluates the progress of the Messianic Jewish community—a pulsating grass roots movement among Jewish

and non-Jewish followers of Jesus of Nazareth who recognize and identify with their Jewishness. Messianic Judaism and Messianic Jewish biblical theology are significant not only to those who are part of Messianic Jewish congregations—indeed, because the destiny of Israel and the Church is bound together, Messianic Jewish theology has implications of great importance for all people worldwide. Christian Fruit--Jewish Root is an in-depth, scholarly examination of the Hebraic foundations of the major tenets and practices of Christianity. This volume confirms the truth that the inherent Jewishness of the

Christian faith is simply an undeniable historical and theological fact. By evaluating Christian doctrine and polity through the Jewish mindset of Jesus and the apostles, this book uncovers a veritable treasure of Hebraic truth. For every authentic Christian fruit, there is a Jewish toot! This truth is demonstrated across a wide spectrum of theological truth, including: Scripture, Messiah, Salvation, Faith, Baptism, Gospel, Grace, and Discipleship. Christianity owes a profound debt of gratitude to the Jewish people and to biblical and Second Temple Judaism for the foundations of the truths and practices that it hold dear. As you read this

challenging, informative, and inspirational book, you will be amazed at just how Jewish Christianity, the "other Jewish religion," actually is. A Comprehensive Study Written About Jewish Roots and Christian Believers Rapidly growing worldwide, the Hebrew Roots Movement promises to help believers (especially non-Jewish believers) discover the Hebrew (Jewish) roots of their faith. However, while promising to bring followers to their Jewish roots, they instead bring them into Old Testament law-keeping and rabbinic tradition. This denies the truth of the gospel and its life-giving power to set captives free. The fifth book

written by Bible teacher Neil Silverberg, *Shadows and Substance*, carefully examines this movement in both its theological and practical aspects covering such topics as: - Did Emperor Constantine make changes to the Hebrew roots of the faith? - What did the Jerusalem Conference establish regarding believers and the Law? - Does God expect believers to keep the Sabbath and the Hebrew feasts? - What is the difference between reconciliation to Old Testament Hebraic roots of the faith and those of rabbinic Judaism? The end result is not only a helpful guide to understanding the Hebrew Roots Movement but also a

powerful unfolding of the gospel of grace to keep believers free from any form of legalism. This book was written for three audiences: those already deeply involved in the Movement, those interested in learning about the Jewish roots of their faith, and leaders who are charged with the responsibility of protecting God's people from error. Is it even possible to say anything new about Jesus of Nazareth? Disciples and detractors alike have been weighing in for two thousand years. Scholarship in the last fifty years has been greatly enhanced by the recognition of the Jewishness of both the historical Jesus and the life and teachings of the

apostle Paul. But the Gospels themselves, the texts that preserve the words and deeds of Jesus, have not been subject to the same level of consideration in this regard. Until now. This book surveys the historical, theological, and practical issues that arise when the Gospels are read as Jewish literature. So yes, there is something new here about Jesus. The Jewish context of Jesus and his movement is better understood today thanks to archaeology, the ongoing publication of ancient texts, and changes in the way scholars think about Jewish society in late antiquity. *A Handbook on the Jewish Roots of the Gospels*, whose

contributors are well known in the field, updates all of the relevant topics relating to Jesus and the Gospels in light of these exciting new developments. This book is split into five sections: Extrabiblical Roots Intertextual Roots Narrative Roots Theological Roots Practical Roots ...and is a companion to A Handbook on the Jewish Roots of the Christian Faith (Hendrickson, 2019). Contributors are both Jewish scholars and well-known evangelicals, including Daniel M. Gurtner, Darrel Bock, Craig A. Evans, Sheila Gyllenberg, Craig L. Blomberg, Eckhard J. Schnabel, Catherine S. Hamilton, David Mishkin, Mark

L. Strauss, Michael Brown, and more. About the Authors Craig A. Evans (PhD, DHabil) is the John Bisagno Distinguished Professor of Christian Origins at Houston Baptist University in Texas. He is a frequent contributor to scholarly journals and the author or editor of over eighty books, including Jesus and His Contemporaries. David Mishkin (PhD) serves on the faculty of Israel College of the Bible in Netanya, Israel. He is the author of The Wisdom of Alfred Edersheim and Jewish Scholarship on the Resurrection of Jesus . "Brant Pitre is one of the most compelling theological writers on the scene today." -Bishop

Robert Barron Bestselling author of Jesus and the Jewish Roots of the Eucharist casts new light on the Virgin Mary, illuminating her role in the Old and New Testaments. Are Catholic teachings on Mary really biblical? Or are they the "traditions of men"? Should she be called the "Mother of God," or just the mother of Jesus? Did she actually remain a virgin her whole life or do the "brothers of Jesus" refer to her other children? By praying to Mary, are Catholics worshipping her? And what does Mary have to do with the quest to understand Jesus? In Jesus and the Jewish Roots of Mary, Dr. Pitre takes readers step-by-step from the Garden of Eden to the Book of

Revelation to reveal how deeply biblical Catholic beliefs about Mary really are. Dr. Pitre uses the Old Testament and Ancient Judaism to unlock how the Bible itself teaches that Mary is in fact the new Eve, the Mother of God, the Queen of Heaven and Earth, and the new Ark of the Covenant. "A timely and groundbreaking take on the roots of the Christian church and its place in the entirety of God's kingdom. . . . There is no better time than now to learn about and become firmly grounded within your spiritual heritage." —from the foreword by Perry Stone The early church was made up of Jewish and Gentile followers of Jesus, and the church's culture

was rooted in Judaism and a Jewish understanding of God's relationship to His people. Over time, however, Christianity became increasingly more Roman than Jewish, and the church lost its identity. Rabbi Curt Landry's personal story is remarkably similar. Born to a Jewish mother and a Catholic father, Landry was put up for adoption, and for more than thirty years he had no understanding of his heritage, his roots, or who his parents were. But when he discovered the truth of his story, his life changed completely. The key to a life of power and purpose is understanding who you are. In this revelatory book, Curt Landry helps Christians

discover their roots in Judaism, empowering them to walk in the revelation of who they really are and who they are born to be. Reclaiming Our Forgotten Heritage reveals the mysteries of the church, letting Christians grasp the power that comes from connecting with their true identity. This volume investigates the Jewish cultural matrix that gave rise to the veneration of Jesus in the early Christianity. Specifically, this study examines Christian origins, the context of Jewish monotheism, Jewish divine mediator figures and the Christian practice of worshipping Jesus. Are your roots firmly grounded in Scripture? The destiny of Israel

and the Christian Church is bound together, evident in the Scriptures. Learning this truth is essential for survival. Jewish Roots--A Foundation of Biblical Theology is an introduction to biblical theology from a Jewish contextual point of view plus practical evaluation and council for the Messianic Jewish communities and the Christian Church. Jewish Roots presents the fundamentals regarding biblical theology, Israel and the Church, the Jewish people, the Messianic Jewish community, and much more. Important matters are discussed such as the relationship of law and grace, the role of the Spirit, and an approach to Judaism. This new

edition considers recent biblical scholarship and evaluates the progress of the Messianic Jewish community--a pulsating grass roots movement among Jewish and non-Jewish followers of Jesus of Nazareth who recognize and identify with their Jewishness. Messianic Judaism and Messianic Jewish biblical theology are significant not only to those who are part of Messianic Jewish congregations--indeed, because the destiny of Israel and the Church is bound together, Messianic Jewish theology has implications of great importance for all people worldwide. A revelatory exploration of the Jewish roots

of the Last Supper that seeks to understand exactly what happened at Jesus' final Passover. "Clear, profound and practical—you do not want to miss this book."—Dr. Scott Hahn, author of *The Lamb's Supper* and *The Fourth Cup* Jesus and the Jewish Roots of the Eucharist shines fresh light on the Last Supper by looking at it through Jewish eyes. Using his in-depth knowledge of the Bible and ancient Judaism, Dr. Brant Pitre answers questions such as: What was the Passover like at the time of Jesus? What were the Jewish hopes for the Messiah? What was Jesus' purpose in instituting the Eucharist during the feast of Passover? And, most important

of all, what did Jesus mean when he said, "This is my body... This is my blood"? To answer these questions, Pitre explores ancient Jewish beliefs about the Passover of the Messiah, the miraculous Manna from heaven, and the mysterious Bread of the Presence. As he shows, these three keys—the Passover, the Manna, and the Bread of the Presence—have the power to unlock the original meaning of the Eucharistic words of Jesus. Along the way, Pitre also explains how Jesus united the Last Supper to his death on Good Friday and his Resurrection on Easter Sunday. Inspiring and informative, Jesus and the Jewish Roots of

the Eucharist is a groundbreaking work that is sure to illuminate one of the greatest mysteries of the Christian faith: the mystery of Jesus' presence in "the breaking of the bread." This volume delineates the link between Judaism and Christianity, between Old and the New Testaments, and calls Christians to reexamine their Hebrew roots so as to effect a more authentically biblical lifestyle. Now, a complete verse-by-verse commentary on Romans written from a Messianic Jewish perspective! Ancient Jewish texts are compared with the Dead Sea Scrolls, intertestamental literature, and early rabbinic

writing. In the culture of the Bible, each person's name spoke of their character, nature, and to some, even of their destiny. In this volume, we'll discover that Mattityahu Levi was a conflicted man who fought against his own inherent destiny. He was a man named after the God who'd given him as a gift to his parents. And he was born into a family known for its closeness and service to Almighty God. Even so, Mattityahu Levi chose to become a tax-collector - a profession considered almost criminal - far removed from knowing and serving the Living God. We'll discover through Matthew's own writings more about his personal encounter

and experiences with Yeshua, the Jewish Messiah. We'll also learn about Matthew himself, and if we're paying attention, more about ourselves in the process. Please note: This is a companion version & not the original book. Sample Book Insights: #1 Jesus was a Jew, and his Jewishness is a historical fact. But is it important. To answer this question, we must recognize that Jesus lived in a Jewish context, and that his words and actions were directed toward a Jewish audience. #2 The history of Christianity reveals multiple responses to Jesus' words and actions. Some believed that he was speaking symbolically, while others

believed that he was speaking literally. Many found his words and actions offensive. #3 Jesus was a Jew, and his Jewishness is a historical fact. But is his Jewishness important. To answer this question, we must recognize that Jesus lived in a Jewish context, and that his words and actions were directed toward a Jewish audience. #4 If you are not familiar with the Jewish Bible or Jewish writings outside the Bible, this book may be challenging. However, stick with it, and you'll be rewarded with a better understanding of the New Testament. Ray Fischer, born-again Jew and Bible scholar, takes you on a journey back to the days of the

Nazarene Jewish movement, known as The Way. You will learn: Why restoring the original theology, doctrine, worship, practices, and structure of the early church will also restore the body of Christ to its former glory. What new archeological discoveries in Israel and ancient manuscripts stored in the Smithsonian are telling us about the roots of the faith and the Bible-and why scholars don't want you to know about it. How you can start or participate in a vital home church that follows the model set forth by the early Christians, who were taught by Jesus himself. A major new work on the Dead Sea Scrolls,

the oldest sacred documents of Judaism, which reveals their surprising connections to early Christianity. “A luminous treatment of a fascinating subject! Highly recommended!”—Scott Hahn, author of *The Fourth Cup* From award-winning scholar John Bergsma comes an intriguing book that reveals new insights on the Essenes, a radical Jewish community predating Christianity, whose existence, beliefs, and practices are often overlooked in the annals of history. Bergsma reveals how this Jewish sect directly influenced the beliefs, sacraments, and practices of early Christianity and offers new information on how

Christians lived their lives, worshipped, and eventually went on to influence the Roman Empire and Western civilization. Looking to Hebrew scripture and Jewish tradition, Bergsma helps to further explain how a simple Jewish peasant could go on to inspire a religion and a philosophy that still resonates 2,000 years later. In this enriching and exciting exploration, Bergsma demonstrates how the Dead Sea Scrolls—the world's greatest modern archaeological discovery—can shed light on the Church as a sacred society that offered hope, redemption, and salvation to its member. Ultimately, these mysterious writings are a time machine

that can transport us back to the ancient world, deepen our appreciation of Scripture, and strengthen our understanding of the Christian faith. “An accessible introduction . . . This is a handy entry point for readers unfamiliar with Essenes or those interested in the Dead Sea Scrolls.”—Publishers Weekly
Dramatic personal stories of the unexpected discovery of a Jewish heritage.

Yeah, reviewing a books **Jesus And The Jewish Roots Of The Eucharist Unlocking The Secrets Of The Last Supper** could grow your close friends listings. This is just one
