"Like an urban Dian Fossey, Wednesday Martin decodes the primate social behaviors of Upper East Side mothers in a brilliantly original and witty memoir about her adventures assimilating into that most secretive and elite tribe. After marrying a man from the Upper East Side and moving to the neighborhood, Wednesday Martin struggled to fit in. Drawing on her background in anthropology and primatology, she tried looking at her new world through that lens, and suddenly things fell into place. She understood the other mothers' snobbiness at school drop-off when she compared them to olive baboons. Her obsessional quest for a Hermes Birkin handbag made sense when she realized other females wielded them to establish dominance in their troop. And so she analyzed tribal migration patterns; display rituals; physical adornment, mutilation, and mating practices; extra-pair copulation; and more. Her conclusions are smart, thought-provoking, and hilariously unexpected. Every city has its Upper East Side, and in Wednesday's memoir, readers everywhere will recognize the strange cultural codes of powerful

social hierarchies and the compelling desire to climb them. They will also see that Upper East Side mothers want the same things for their children that all mothers want--safety, happiness, and success--and not even sky-high penthouses and chauffeured SUVs can protect this ecologically released tribe from the universal experiences of anxiety and loss. When Wednesday's life turns upside down, she learns how deep the bonds of female friendship really are. Intelligent, funny, and heartfelt, *Primates of Park Avenue* lifts a veil on a secret, elite world within a world--the exotic, fascinating, and strangely familiar culture of privileged Manhattan motherhood"-- Your face defines you. It influences how people perceive you at work, at play, and even at home. But what if something about your face doesn't make you feel like the real you? In *The Park Avenue Face*, dual board-certified facial plastic and reconstructive surgeon Dr. Andrew Jacono reveals how to achieve flawless, undetectable plastic surgery so you can fix what you don't like, restore what you've lost, or prevent signs of aging. From his elite Park Avenue aesthetic surgery center, Dr. Jacono has enhanced tens of thousands of faces not by prescribing an arbitrary standard of beauty, but by amplifying each patient's individual beauty for totally natural results. A global authority in advanced facial plastic surgery, he has presented clinical research and conducted live surgery in front of peer audiences at over 100 plastic surgery symposiums around the world, including at Harvard, Yale and Stanford Universities. Now, he's ready to share his expertise with you. High-end Park Avenue clients want to fight the signs of aging while highlighting their best features. They want lips that look like their own lips, eyes that look like their own eyes. They want facial features in line with their ethnicities. Park Avenue clients want to look powerful yet approachable, wise yet fresh, and above all, natural. With Dr. Andrew Jacono's advice, you can have the Park Avenue Face no matter who you are or where you live. *The Park Avenue Face* also highlights a trend unique to the United States—a distinct difference between conceptions of beauty on the west coast versus the east coast. Where the West Coast Style is often about changing your personal signature, the East Coast Style prioritizes maintaining your personal signature. Through this up-close look at coastal trends, the reader will learn how to define and achieve a natural look—a face that reflects the person they have always been, and the person they strive to be, not someone they don't recognize in the mirror. If you want a face with character and depth that looks ageless and don't want a stretched, artificial or generic look, Dr. Jacono will show you how to get there. If you are considering any kind of facial enhancement, from minor and non-invasive treatments such as simple injections or a laser treatment to more involved surgical procedures such as a full-on facelift, this is your resource. *The Park Avenue Face* will show you how to avoid the quacks, the fads, the financial waste, and the dangers. Dr. Jacono will help you determine how you want to look and how best to get there. Featuring fascinating patient anecdotes, dozens of before-and-after photographs showing what the various procedures can accomplish and line drawings by veteran medical illustrator William Winn, this comprehensive guide will fully prepare you to step into a doctor's office and discuss your facial enhancement options. You'll know how each treatment works, how long you will take to recover, and how much change you can expect. If there is something about your face you think is holding you back—decide if making a change is right for you. Let *The Park Avenue Face* guide you to becoming your best you. “‘Mad Men meets *The Devil Wears Prada*,’ which might as well be saying ‘put me in your cart immediately.’”—PopSugar It’s 1965 and *Cosmopolitan* magazine’s brazen new editor in chief—Helen Gurley Brown—shocks America and saves a dying publication by daring to talk to women about all things off-limits... New York City is filled with opportunities for single girls like Alice Weiss, who leaves her small Midwestern town to chase her big-city dreams and unexpectedly lands a job working for the first female editor in chief of *Cosmopolitan* magazine, Helen Gurley Brown. For Alice, who wants to be a photographer, it

seems like the perfect foot in the door, but nothing could have prepared her for the world she enters. Editors and writers resign on the spot, refusing to work for the woman who wrote the scandalous bestseller *Sex and the Single Girl*, and confidential memos, article ideas, and cover designs keep finding their way into the wrong hands. When someone tries to pull Alice into a scheme to sabotage her boss, she is more determined than ever to help Helen succeed. While pressure mounts at the magazine, Alice struggles not to lose sight of her own dreams as she's swept up into a glamorous world of five-star dinners, lavish parties, and men who are certainly no good. Because if Helen Gurley Brown has taught her anything, it's that a woman can demand to have it all. "The True Tales of Shorty Stevens" tells the adventures of three best friends during the great depression. The story is situated in the Ico Community of southwest Arkansas. Some 25 miles south of Little Rock, just outside of Sheridan, the town is full of hard working railroad and timber industry families. Shorty Stevens, nine years old and full of life is the leader of the group. Blessed with the gift of gab, he tells stories almost too big to be true. His best pal since the time they could walk is Easter Rhodes, also nine. He loves to read, and someday wants to be a writer. He's usually stuck smack dab in the middle of one of Shorty's schemes, but he doesn't seem to mind too much! The last in the group is Scooter McElroy. He's eight and sometimes a little shy. He and his folks moved down to Ico from Little Rock a few years before, so he hasn't known the others as long as they've known each other, but they're all as close as peas and carrots just the same. The year is 1933. No television. No video games. No magic Wizards, with magical powers. These boys have to find their own adventures in and around town. It doesn't take long before an adventure jumps up and finds them! Shorty's Pa, Johnny was over at the Ico Grocery when it all started. He told the folks there about a ghost story he'd heard when he was a boy. The others just looked in amazement as Johnny Stevens went on and on about a "Ghost Gal" that was killed on bad roads going to her honeymoon. Why, she'd be seen for years and years, just standing by the side of the road with a suitcase in her hand waiting for a ride to meet her Mister. Of course, once they got there, she'd disappear from the car leaving the driver surprised and confused. Shorty overhears his Daddy telling this story with great enthusiasm, and it definitely piques his interest in Ghost Hunting! He tells the others about what he's heard that fateful day. After lots of convincing, they decide to go on a ghost hunt some 12 miles away through the backroads and over the highway to find the mysterious curve, and a Ghost Gal! The boys not only go looking for a ghost story, they find out about themselves as well. They have a lot of other adventures along that road. They have some laughs as they tell stories, and have fun doing something exciting and different with their best friends. They also learn some things about themselves that they never knew before. Like how strong they were when they needed to be. Or how close the three really were. Life was different in 1933 Arkansas, but the adventurous spirit of boys was not. These boys want to see everything, and do things the grown-ups either can't or won't. Read all about their adventures in "The True Tales of Shorty Stevens" due out in bookstores in the Spring of 2006, by Authorhouse books. "In the summer of 1939, Munich, 'The Home of the Monks', was a lovely city." Feared SS General Sepp Dietrich drives through the almost bucolic tree lined streets. His SS driver stops the black Mercedes at the door of noted banker and art collector, Solomon Roth, who has traded his superb collection of Impressionist paintings to Reichsmarshal Herman Goering in exchange for the safe passage of his wife and children out of Nazi Germany. One painting remains, a magnificent self-portrait by Vincent Van Gogh. In the spring of 1945 Munich is a very different city, much of it transformed into a wasteland by Allied bombing. American army sergeant Henry, 'Hank', Dryden enters the former Roth home searching for weapons and takes the portrait. For half a century, the painting lies undiscovered in Dryden's closet in Del Mar, California until feeling his mortality, Hank, enlists the help of his grandson John, a public interest lawyer in Southgate, to determine if it is genuine and if so to sell it. John unwittingly enters the fascinating world of fine art auctions where the richest and most powerful men and women on earth play for stakes that dwarf any in Monte Carlo, Macao, or Las Vegas and millions depend on the wave of a hand or a finger to the nose. Based on true accounts and experiences accumulated during more than 40 years attending, bidding, and selling at auctions in the United States and Europe, Park Avenue is enriched by specific factual detail as well as a classic examination of the workings of the human heart as the Drydens are affected by the ageless lure of undreamt of wealth. Michael R. Zomber was born in Washington D.C. and educated at Oberlin College, Villanova University, the University of

Illinois, and UCLA. He received his M.A. in English Literature from UCLA. The son of two Holocaust survivors who escaped Nazi Germany in 1939, he knew nothing of his Jewish heritage until the age of ten. Following this revelation he became aware of world history and developed a keen interest in the arms and armor of Europe, the Middle East, and Japan. His grandfather, Robert Eisner, collected paintings by the Impressionist masters and these images by Renoir, Degas, and Gauguin fired his youthful artistic sensibility. In 1961 Parke Bernet Galleries sold Rembrandt's Aristotle Contemplating the Bust of Homer to the Metropolitan Museum for a world record price and from then on Michael Zomber followed the sale results of works of art at auction as closely as he followed major league baseball statistics. A visual guide to approximately 20 Florida art colonies and districts. The book will discuss in detail a variety of towns in Florida renowned as "Art Colonies," together with several "Arts Districts" in both small towns and larger cities that have been designated by the local government and/or by developers as neighborhoods set aside to foster the arts. Many of the communities sponsor annual art festivals or shows that have been held for more than 40 years. The book features color photographs that capture the variety of art forms that are uniquely Florida and covers special aspects of art in Florida such as the great number of Florida artists, the influence of arts projects and social realism of the New Deal, mural painting in Florida, the "Highwaymen," and the extremely rich 19th and 20th century history of Florida artists. Colonies and districts include: Bradenton Village of the Arts, Eau Gallie Arts District, St Petersburg Warehouse Arts District and Central Arts District, Tampa and Tallahassee. For seventy-five years, it's been Manhattan's richest apartment building, and one of the most lusted-after addresses in the world. One apartment had 37 rooms, 14 bathrooms, 43 closets, 11 working fireplaces, a private elevator, and his-and-hers saunas; another at one time had a live-in service staff of 16. To this day, it is steeped in the purest luxury, the kind most of us could only imagine, until now. The last great building to go up along New York's Gold Coast, construction on 740 Park finished in 1930. Since then, 740 has been home to an ever-evolving cadre of our wealthiest and most powerful families, some of America's (and the world's) oldest money—the kind attached to names like Vanderbilt, Rockefeller, Bouvier, Chrysler, Niarchos, Houghton, and Harkness—and some whose names evoke the excesses of today's monied elite: Kravis, Koch, Bronfman, Perelman, Steinberg, and Schwarzman. All along, the building has housed titans of industry, political power brokers, international royalty, fabulous scam-artists, and even the lowest scoundrels. The book begins with the tumultuous story of the building's construction. Conceived in the bubbling financial, artistic, and social cauldron of 1920's Manhattan, 740 Park rose to its dizzying heights as the stock market plunged in 1929—the building was in dire financial straits before the first apartments were sold. The builders include the architectural genius Rosario Candela, the scheming businessman James T. Lee (Jacqueline Kennedy Onassis's grandfather), and a raft of financiers, many of whom were little more than white-collar crooks and grand-scale hustlers. Once finished, 740 became a magnet for the richest, oldest families in the country: the Brewsters, descendents of the leader of the Plymouth Colony; the socially-registered Bordens, Hoppins, Scovilles, Thornes, and Schermerhorns; and top executives of the Chase Bank, American Express, and U.S. Rubber. Outside the walls of 740 Park, these were the people shaping America culturally and economically. Within those walls, they were indulging in all of the Seven Deadly Sins. As the social climate evolved throughout the last century, so did 740 Park: after World War II, the building's rulers eased their more restrictive policies and began allowing Jews (though not to this day African Americans) to reside within their hallowed walls. Nowadays, it is full to bursting with new money, people whose fortunes, though freshly-made, are large enough to buy their way in. At its core this book is a social history of the American rich, and how the locus of

power and influence has shifted haltingly from old bloodlines to new money. But it's also much more than that: filled with meaty, startling, often tragic stories of the people who lived behind 740's walls, the book gives us an unprecedented access to worlds of wealth, privilege, and extraordinary folly that are usually hidden behind a scrim of money and influence. This is, truly, how the other half—or at least the other one hundredth of one percent—lives. An Oprah.com Best Romance Novel of 2019! “Perfect for readers who love the dishy women's fiction of Candace Bushnell.” —Booklist From the author of the New York Times bestselling Stiletto and Oxford series, the first in a sizzling new series following the unlikely friendship of three Upper East Side women as they struggle to achieve their dreams and find true love and happiness in the city that never sleeps. For as long as she can remember, Bronx-born Naomi Powell has had one goal: to prove her worth among the Upper East Side elite—the same people for which her mom worked as a housekeeper. Now, as the strongminded, sassy CEO of one of the biggest jewelry empires in the country, Naomi finally has exactly what she wants—but it's going to take more than just the right address to make Manhattan's upper class stop treating her like an outsider. The worst offender is her new neighbor, Oliver Cunningham—the grown son of the very family Naomi's mother used to work for. Oliver used to torment Naomi when they were children, and as a ridiculously attractive adult, he's tormenting her in entirely different ways. Now they find themselves engaged in a battle-of-wills that will either consume or destroy them. “Strong characters and relatable situations elevate Layne's bighearted contemporary...[which] digs into class differences, emotional baggage, and the reality of dealing with aging parents” (Publishers Weekly, starred review). With the sexy combination of charm, heart, and snark, Lauren Layne's new series is perfect for fans of Christina Lauren and Sally Thorne. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea. **THE PRINCE OF PARK AVENUE FINALLY MEETS HIS MATCH IN A FEISTY MANHATTAN PRINCESS.** I've made every one of my billions of dollars myself--I'm calculating, astute and the best at what I do. It takes drive and dedication to build what I have. And it leaves no time for love or girlfriends or relationships. But don't get me wrong, I'm not a monk. I understand the attention and focus it takes to seduce a beautiful woman. They're the same skills I use to close business deals. But one night is where it begins and ends. I'm not the guy who sends flowers. I'm not the guy who calls the next day. Or so I thought before an impatient, smart-talking, beyond beautiful heiress bursts into my world. When Grace Astor rolls her eyes at me--I want to hold her against me and show her what she's been missing. When she makes a joke at my expense--I want to silence her sassy mouth with my tongue. And when she leaves straight after we f\*ck with barely a goodbye--it makes me want to pin her down and remind her of the three orgasms she just had. She might be a princess but I'm going to show her who rules in this Park Avenue bedroom. A sexy, stand-alone, contemporary romance.
