Longing for a kinder, gentler world? As the old saying goes, everything begins at home, and odds are, if you live in the all-American household, the air inside is more toxic than the air outside, even if you live in the most polluted of cities. You regularly handle the filthiest object in your home -- the kitchen sponge -- and put the same chemicals on your face that are used in brake fluid and antifreeze. The cleaning agents and personal care products commonly marketed to

and used in American homes contain not only some very dangerous, toxic chemicals, but they also create an "overly clean," chemically bombed-out house that compromises immune systems. And with more than fifty million Americans suffering from allergies and other autoimmune diseases -- not to mention the developing and fragile immune systems of children and seniors -- large numbers of people are actually being made sicker and sicker by their homes. Learn to live a clean, healthy, more economical way with Ellen Sandbeck, the nontoxic avenger. In this must-have book for the twenty-first-century home, this passionate, witty advocate of all things organic will teach you how to maintain every part of the home -- from living room to septic tank, kitchen floor to bathroom sink -- using safe, simple cleansers and quick preventative measures as well as the most effective organic products on the market to get the job done. Learn time-saving, preventative housekeeping, such as taking thirty seconds to clean the shower while you shower. Take care of bathroom stains with baking soda and vinegar rather than commercial, toxic bathroom "bombs" peddled to you with such force by manufacturers. Need whiter whites? There is no bleaching power on earth stronger than the sun. Snow clean your fine rugs. Choose fruits and vegetables from the relatively pesticide residue-free list. Clean felt-tipped pen stains with vodka. Make furniture shine with olive oil and lemon. Your house will also smell as great as it looks. Like Roald Dahl

- but different! The first book in the gruesomely funny Tales from Schwartzgarten series. Meet Osbert Brinkhoff, the unlikeliest of avengers. His is a tale of dark delights and ghastly goings-on, of injustice and revenge. The villains are vicious. The settings are sinister. And good does NOT always prevail... If you prefer cleavers to kittens and fiends to fairies...then welcome to the GRUESOMELY FUNNY Tales from Schwartzgarten.

-Osbert the Avenger is the first in a thrilling series of four books, all set in the fictional city of Schwartzgarten -With shades of Lemony Snicket and Roald Dahl, the Tales from Schwartzgarten are as hilarious as they are dark -These brilliantly woven mock-gothic horror stories have huge child appeal "With this book, Paul Firestone, lifelong educator and theater aficionado, delivers one of the most comprehensive compendiums of essays on these vital works. Firestone's understanding of each play's substance is rich and impressive. His vast and ambitious examination takes into account many different elements-characters, plots, and symbolism, as well as the lives and psychology of the playwrights, the historical context in which the plays emerged, and their relevance on sociological, political, familial, psychological, and spiritual levels.". For countless eons the seraph Go'El, the angel of divine justice and holy retributive vengeance, has served Almighty God as His arm of justice. From the slaying of the firstborns in Egypt to the destruction of the

185,000 Assyrians and every type of punishment indicative of the wrath of God, Go'El has been undoubtedly the most feared of the hosts of heaven. Now at the End of Days, Go'El walks the earth in human form, charged with protecting a man named Jonathan, who is destined to one day stand against the forces of darkness as the avatar of Christ. Lucifer—or the Devil, archenemy of God and mankind—along with his minions of the fallen, has embarked on a quest not only to destroy Jonathan but to eradicate anyone and all knowledge that would expose the lies and machinations that Lucifer has perpetrated for centuries. The Celestial Knights, comprised of the seven princes of heaven, are all that stand between mankind and the forces of evil. Set against a backdrop that involves the second coming of Christ, the Antichrist, the revived Roman Empire, and the New World Order, this book weaves together long-lost prophecies, hidden temples, ancient astronauts, aliens and the rebirth of the Nephilim, and an evil so powerful that even Satan himself fears it. This story reveals the true nature of God, angels, demons, and spiritual warfare and how with faith and complete trust in the Lord one man can embrace his destiny and make a difference. Bollywood Horrors is a wide-ranging collection that examines the religious aspects of horror imagery, representations of real-life horror in the movies, and the ways in which Hindi films have projected cinematic fears onto the screen. Part

one, "Material Cultures and Prehistories of Horror in South Asia" looks at horror movie posters and song booklets and the surprising role of religion in the importation of Gothic tropes into Indian films, told through the little-known story of Sir Devendra Prasad Varma. Part two, "Cinematic Horror, Iconography and Aesthetics" examines the stereotype of the tantric magician found in Indian literature beginning in the medieval period, cinematic representations of the myth of the fearsome goddess Durga's slaying of the Buffalo Demon, and the influence of epic mythology and Hollywood thrillers on the 2002 film Raaz. The final part, "Cultural Horror," analyzes elements of horror in Indian cinema's depiction of human trafficking, shifting gender roles, the rape-revenge cycle, and communal violence. This book also features images (colour in the hardback, black and white in the paperback).

U-505 was the first enemy warship the US Navy captured at sea since 1812. This is a new account of how Captain Gallery planned and executed the raid on his own initiative, and how his success almost endangered the war against the U-boats. On June 4, 1944 a US Navy antisubmarine task group in the Atlantic captured an enemy U-boat on the high seas. It was not the first time the Allies had taken a German U-boat as a prize, but the capture of U-505 was different. Captain Gallery and his Task Group 22.3 devised a risky plan to capture scuttled U-boats. This book analyses in detail Gallery's dangerous strategy,

using contemporary sources to explore why he thought the reward was worth the risk: instead of attempting to sink the next U-boat that surfaced among them, a destroyer escort would send off its whaleboat. Everyone else was to smother the U-boat with light gunfire to encourage its crew to abandon quickly. Unaware that the Allies had already cracked the German's codes and the capture of a U-boat could endanger that secret, Gallery hoped to capture the vessel's codes and coding equipment to read U-boat message traffic. The plan culminated in the capture of U-505 in early June, which nearly caused the exposure of the Bletchley Park codebreaking secret. Featuring contemporary photographs, specially commissioned artwork and 3D maps, this book is a fascinating exploration of one of the most controversial and dangerous raids, which could have changed the outcome of World War II as we know it. Elk Series: The Nine Bears ... Thomas, in the only combat account of World War II Torpedo Bomber pilot ever published, relates his 25 months of service with Torpedo Squadron 4 (VT-4) on the USS RANGER, USS BUNKER

HILL, and USS ESSEX. Thomas served in both the Atlantic and Pacific Theaters, and in some of the most important World War II battles. While on the RANGER, he participated in OPERATION LEADER, the most significant attack on Northern Europe by a US carrier during the war. During LEADER, while attacking a freight barge carrying 40 tons of ammunition, Thomas' plane was hit by anti-aircraft fire. Surprisingly, in spite of the considerable engine damage, the plane made it back to the RANGER, where Thomas crash-landed. That landing was his 13th official carrier landing. In the Pacific, Thomas participated in the numerous actions against Japanese targets in the Philippines, including strikes on Ormoc Bay, Cavite, Manilla, Santa Cruz, San Fernando, Lingayen, Mindoro, Clark Field and Aparri. Following these actions, Thomas' squadron made strikes on Formosa, French Indo-China, Saigon, Pescadores, Hainan, Amami O Shima, Iwo Jima, Okinawa, and Japan. The attack on Japan was the first attack on Japan from an aircraft carrier since the "Doolittle Raid." While on the ESSEX, just after Thomas had returned from a strike on Santa Cruz, the ship was hit by a Kamikaze piloted by Yoshinori Yamaguchi, Yoshino Special Attack Corps. Yamaguchi was flying a Yokosuba D4Y3 dive bomber. The Kamikaze attack killed 16 crewman and wounded 44. Returning from a strike on Hainan, off the Chinese coast, Thomas' plane ran out of fuel. After a harrowing water landing, Thomas and squadron photographer Montague

succeeded in inflating and launching one rubber boat and his crewman Gress another. After a long day in pre-Typhoon weather with 40 foot swells, the three were rescued by the USS SULLIVANS. In recounting the events in this book, Thomas draws upon his daily journal, his letters home, and extensive interviews and research conducted over 40 years with fellow pilots and crewman. The book cites 20 interviews and 5 combat journals, and contains 209 photos documenting the ships, planes, men, and combat actions of Torpedo Squadron 4. Many of the photographs were collected by Thomas during the war and include gun photo shots, recon photos, and, remarkably, a picture of the tail of Thomas' Torpedo plane as it sinks in the China Sea following his water crash landing. The English scholar and novelist Dorothy L. Sayers penned numerous mystery stories, featuring the debonair Lord Peter Wimsey. The first novel in the series, 'Whose Body?' (1923), was followed by a string of bestselling mysteries that are the epitome of the Golden Age of Detective fiction. In later years, Sayers turned to writing scholarly translations, theological plays and non-fiction works, seeking to explain the central doctrines of Christianity clearly and concisely. This comprehensive eBook presents Sayers' complete fictional works, with

Faith provides a vision of military conflict as a testing ground for English values, while Her Mother and Bartok focuses on a husband and wife as they discuss their first meeting from the perspective of the less-than-inspiring present. In Shadowmouth a troubled teenager is thrown out by his single mother and is taken in by a middle-aged single man. Glide and The Mind of the

Meeting are short radio plays. A breakneck thriller by the author of 58 Minutes, the basis of the blockbuster film Die Hard 2. Ernest Beller stands at the end of a giant pit, watching as the Americans who liberated Dachau are trying to bury the countless bodies they have found. Nine years later, Beller still sees those bodies . . . and the guilty men who got away. An intricate psychological thriller, Walter Wager's stunning novel explores the nature of vengeance and the corrosive trauma of the Holocaust on generations of men. With a breakneck pace, Wager hits boiling point as a government agent begins investigating the murders of former Nazis—and sees the horror and the justice in the worst of acts. "One of the most satisfying climaxes in current suspense fiction. A five-star winner." —Publishers Weekly
